

Supplementary Materials 1

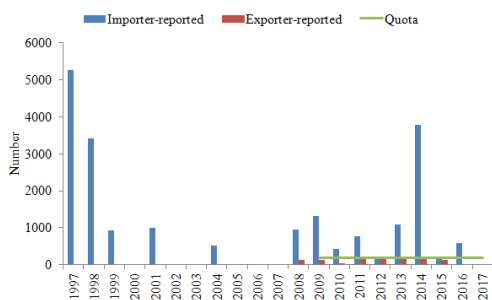

A. TOGO

B. BENIN

C. GHANA

D. GHANA - Captive-bred

Figure S1. Annual exports of ranched (left) and wild-sourced (right) live ball pythons from Togo (A), Benin (B) and Ghana (C) and those captive-bred from Ghana (D), shown against quotas, 1997 – 2017. Data show numbers exported according to exporter- and importer-reported quantities. Note different scales used for y axis. Source: CITES trade database (<https://trade.cites.org/>).
