

Description of Additional Supplementary Information for
**Strontium isoscape of sub-Saharan Africa allows tracing origins of
victims of the transatlantic slave trade**

Legends for Supplementary Data 1, Supplementary Data 2, Supplementary Data 3, and
Supplementary Data 4:

Supplementary Data 1. The dataset of bioavailable strontium isotopes in sub-Saharan
Africa.

Supplementary Data 2. List of geological, climatic, topographic and environmental
variables used in the model. P = Polygon; R = Raster.

Supplementary Data 3. Previously published strontium isotope data of human tooth
enamel from the Anson Street African Burial Ground in Charleston (USA).

Supplementary Data 4. Previously published isotope data of human tooth enamel from
the Pretos Novos Cemetery, Rio de Janeiro (Brazil).
