In this article the main text in the ‘Storm track activity and atmospheric blocking frequency’ subsection of the ‘Methods’ section (page 14) was wrongly given as ‘Storm track activity is measured by the root-mean-square of 2.5–6-day band-pass filtered SLP.’; it should have been ‘Storm track activity is measured by the variance of 2.5–6-day band-pass filtered meridional wind.’. The original article has been corrected.
