A short history of Open Research Europe

- European Commission's publishing platform, launched March 2021
- Publishes across all subject areas
- Over 340 articles already published
- Indexed in Scopus, PubMed Central, ERIH Plus, DOAJ, Google Scholar, INSPEC etc.
- International Scientific Advisory Board, Eurodoc, the Global Young Academy, LIBER Europe, OpenAire and Zenodo

Key definitions

- **Diamond open access publishing**
- **Author-led submissions**
- **Sound science**
- **Transparent, post-publication peer review**

Open Research Publishing Model

FAIR data sharing practices

- Open Research Europe endorses FAIR data principles (Findable, Accessible, Interoperable, Reusable)
- Data sharing is expected when submitting
- If you can't share your data, talk to us!

Journal Impact Factor and changes to Research Assessment

- **Why doesn't Open Research Europe have a Journal Impact Factor?**
 - Issues with journal-level metrics
- **What changes are happening in research assessment at a European-level?**
 - Creation of Coalition for Advancing Research Assessment (CoARA)
 - Signatories make commitments to change research assessment practices
 - The commitments require that changes are evidenced!

How to maximise your grant funded research outputs through a variety of article types

What are the benefits?

- Fast
- Inclusive
- Open
- Reproducible
- Transparent
- Easy
