Acknowledgments

This study was funded by the Eunice Kennedy Shriver National Institute of Child Health and Human Development project entitled “Foundational cognitive skills in developing countries: early-life nutritional, climatic and policy determinants and impacts on adolescent education, socio-emotional competencies and risky behaviors.” under grant number NICHD R21 HD097576. The funder had no role in the design, interpretation or writing-up of the study or in the decision to submit the study for consideration for publication. Thanks also to the UK’s Foreign, Commonwealth and Development Office (FCDO) for funding Young Lives at Work and enabling this research and to Old Dart Foundation for providing additional funding for this study. We are grateful to Margaret Sheridan, Richard Freund, Douglas Scott, Annina Hittmeyer and Nicolas Pazos for providing very useful comments on earlier drafts.

The authors would like to apologize for any inconvenience caused.
