

# Uncovering Hidden Collections in the Bodleian Latin American Centre (LAC) Library

## Objectives:

Make the uncatalogued grey literature collection held in the centre since 1960 accessible via SOLO.

## What we Achieved:

We made visible via SOLO thousands of multidisciplinary new items on Latin America.

## What we did:

Identified uncatalogued collections

Sought advice for best practices

Created box level records for more than 200 boxes of material

**Did you know:** *'Between 1999 and 2009, more than 1,200 new species of plants and vertebrates were discovered in the Amazon biome – or one new species every three days – confirming the Amazon as one of the most diverse places on Earth'* **WWF**

## How to search for LAC Special Collection Boxes on SOLO:

*Just type your preferred country and Box and discover a diverse new ecosystem of resources!*
