Catalogue

COLOUR PHOTOGRAPHS

Fourteen Kromogram Negatives

Oxford, *circa* 1899 to 1901

749. White origami frog on a dark cloth

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 39241

750. China cat on a rotating bookcase

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 80180

751. Fritilleries in a clear vase on a black cloth

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 71292

752. Fritilleries in a clear vase on an embroidered cloth

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 68187

753. Coffee service and silver owl on embroidered cloth

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 46431

754. Three yellow-white irises in a vase

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 63402

755. Yellow-white and blue irises in a brown jug

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 40600

756. Yellow-white and blue irises in a decorated vase

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 59089

757. Eight white *Narcissus*

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 69709

758. Fruit and vegetables, arranged on a box

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 63815

759. Fruit and vegetables, arranged on a cloth

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 81055

760. Fruit and vegetables, arranged on a cloth, closer view

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 20567

761. Fruit and vegetables, arranged on a cloth, close view

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 17801

762. Aller Vale motto-ware plate, orange and shells

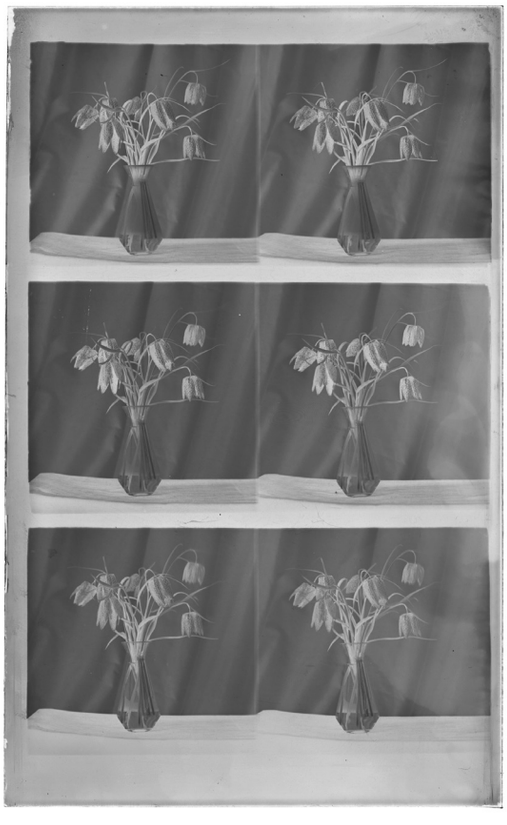

A 8 × 5 inch stereo three-colour negative
Museum of the History of Science, Inventory no. 75119

"Frogbowl, Ribbon and Fruit"

Oxford, before 23 August 1900

763. Still life of fruit and a ribbon, arranged in a frogbowl

A Kromaz red and blue stereo slide
Museum of the History of Science, Inventory no. 22608

B Kromaz green stereo slide
Museum of the History of Science, Inventory no. 96219

"Crimson Rambler in New College Gardens"

Oxford, June or July 1900 (exhibited 25 March 1901)

764. Turner's Crimson Rambler rose on the railings of Garden Quad, New College

A 8″× 3⅛″ three-colour negative
Museum of the History of Science, Inventory no. 15114

Indian Bean Tree Inflorescences

Oxford, June or July 1900 ?

765. *Catalpa bignonioides* (Indian bean tree), presumably from the University Parks

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 80474

"'Strelitzia Reginae' South African Plant"

Oxford, June or July 1900 ? (exhibited Sep 1901)

766. Bird of Paradise flower (Crane Lily), in the Botanic Gardens or Magdalen College gardens

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 68337

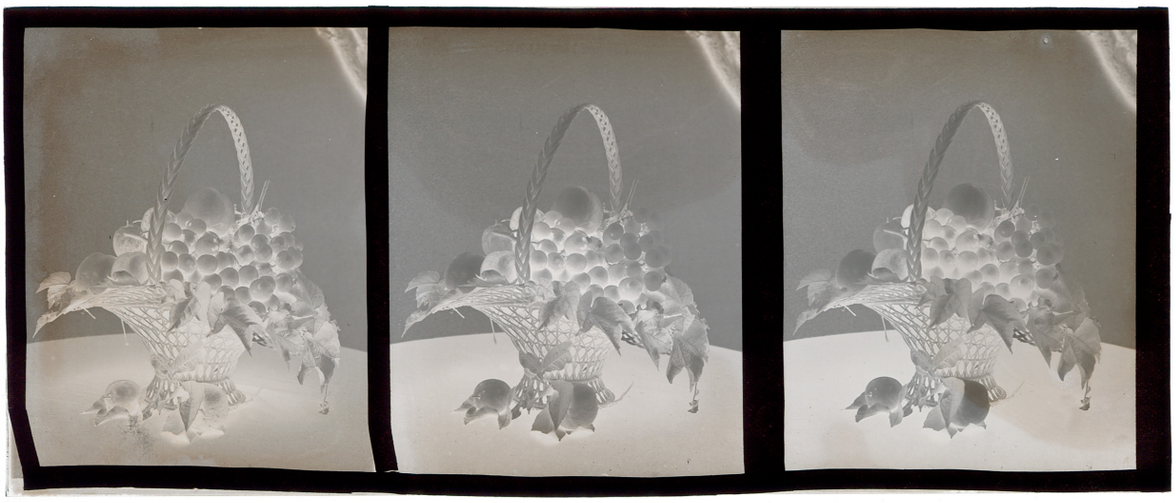

Summer Flowers

Oxford, June or July 1900 ?

767. Dahlias and gladioli arranged in a clear vase

A Sanger Shepherd process lantern slide (decayed)
Museum of the History of Science, Inventory no. 87404

"Study of Fruit"

Oxford, June or July 1900–02 ? (exhibited 9 Feb 1903)

768. Basket of fruit, with grapes, peaches, plums, orange and lime

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 65438

Virgin and Child

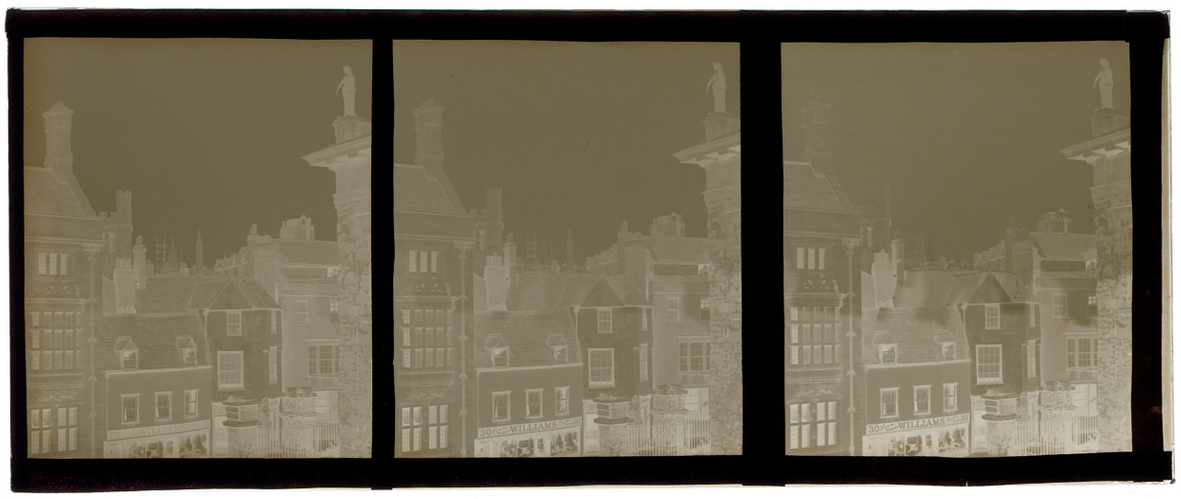

Oxford, July or August 1900 ? (presumably before 23 May 1901)

769. Virign and Child, by Luca della Robbia (1400–1482), on the external wall of the North Library, 39–41 Broad Street

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 16886

Evening Light in Broad Street

Oxford, July or August 1900 (presumably before 23 May 1901)

770. Indian Institute, bell tower and pinnacles of New College, Nos. 30 to 28 Broad Street, and the Clarendon Buildings, from the second floor of 39–41 Broad Street

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 51603

30
WILLIAMS
30

Tower and Pinnacles of New College

Oxford, July or August 1900 (presumably before 23 May 1901)

771. Tower and pinnacles of New College, with the corner of the Clarendon Buildings, from the second floor or attic of 39–41 Broad Street, looking east

A 105 × 82 mm three-colour carbon print, or variant, mounted on card
Museum of the History of Science, Inventory no. 52537
"Miss Acland / 7 Park / ½ 937 / 1/-" on the reverse

B 100 × 70 mm Sanger Shepherd imbibition print
Museum of the History of Science, Inventory no. 25293

Cut Flowers in a Clear Glass Jug

Oxford, July or August 1900 ?

772. White tulips, hyacinth and red pelargonium in a clear glass jug

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 98750

Christmas Cactus

Oxford, December 1900 ?

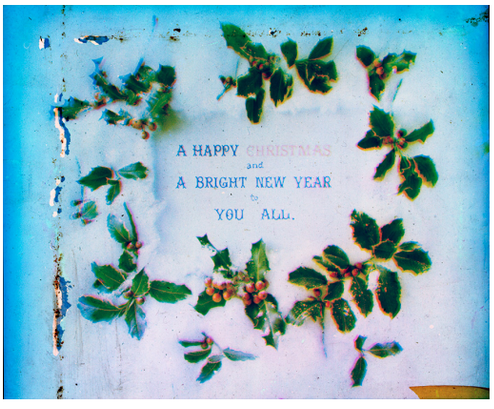

773. ***Schlumbergera*, in a flower pot**

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 73212

"'Christmas Motto'"

December 1900 ? (exhibited 1907)

774. A Christmas greeting

A Lantern-plate sized cyanotype positive on glass
Museum of the History of Science, Inventory no. 17501

B Lantern-plate sized yellow carbon print on celluloid
Museum of the History of Science, Inventory no. 69702

C Lantern-plate sized magenta carbon print on celluloid
Museum of the History of Science, Inventory no. 47503

"View from Great Malvern"

Malvern, June 1901 or before (exhibited 9 July 1901)

775. View from the Old Bank, Malvern, looking south-east over the Priory

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 22160

776. View from the Old Bank, Malvern, looking south-east over the Priory, perhaps taken at sunrise

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 41430

From Lamorva, Falmouth

Falmouth, *circa* 5 August 1901

777. View from Lamorva, Woodlane Avenue, Falmouth, looking south west over Falmouth Bay and Pennance Point towards Nare Point

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 48989

Coastal Path

near Torquay ?, August 1901 ?

778. Unidentified coastal path

A Sanger Shepherd process lantern slide (decayed)
Museum of the History of Science, Inventory no. 38613

Long Quarry Point

Torquay, August 1901 ?

779. Long Quarry Point, Torbay, from above Anstey's Cove, looking north

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 30941

Peaked Tor, Torquay

Torquay, August 1901 ?

780. Peaked Tor, Torquay, from above Peaked Tor Cove, looking south east

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 35600

Selworthy

Selworthy, Devon, Spring 1902 ?

781. Workers cottages, from the Green, Selworthy, looking south

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 38861

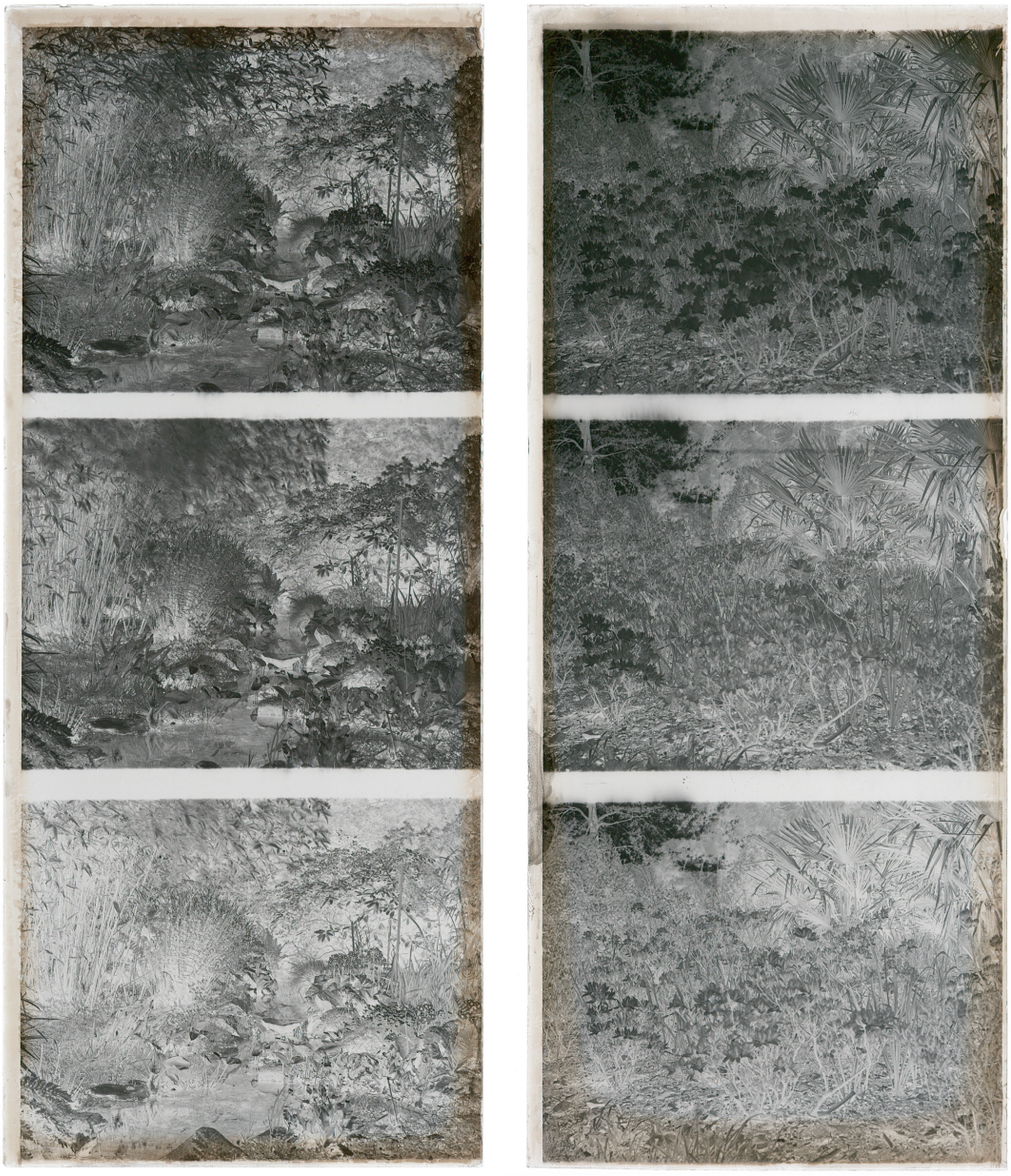

782. Dairy Cottage, from Holnicote House, looking south

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 78691

Spring Flowers

Holnicote, Devon, Spring 1902 ?

783. Stream with red lilies and bamboo, unknown location

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 44958

784. Azaleas and Rhododendrons in an unidentified garden

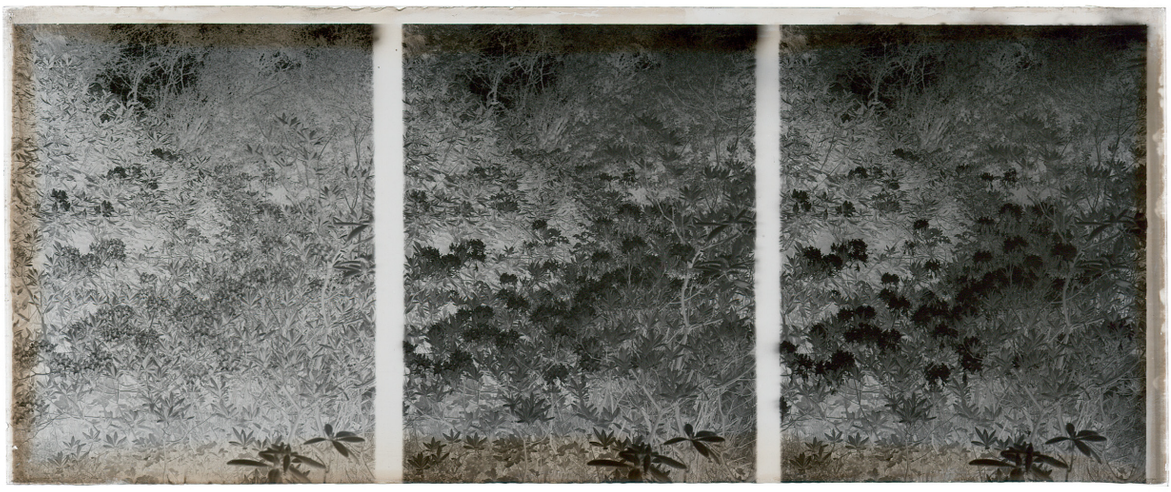

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 60495

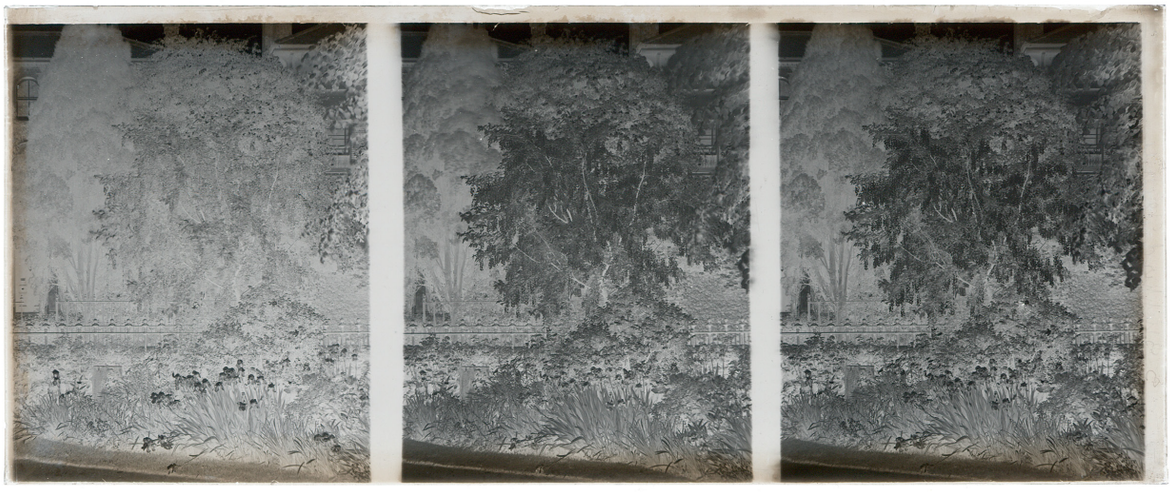

785. Azaleas and Rhododendrons in an unidentified garden

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 30149

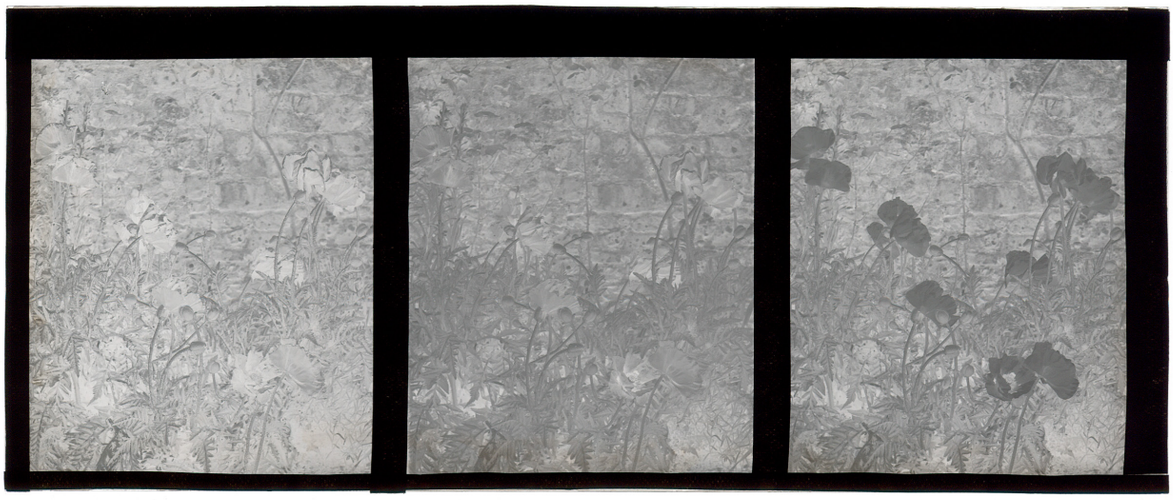

Golden Shower

Oxford, May or June 1902 ? (after 23 May 1901)

786. ***Laburnum* in the communal garden, Park Town, Oxford**

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 55491

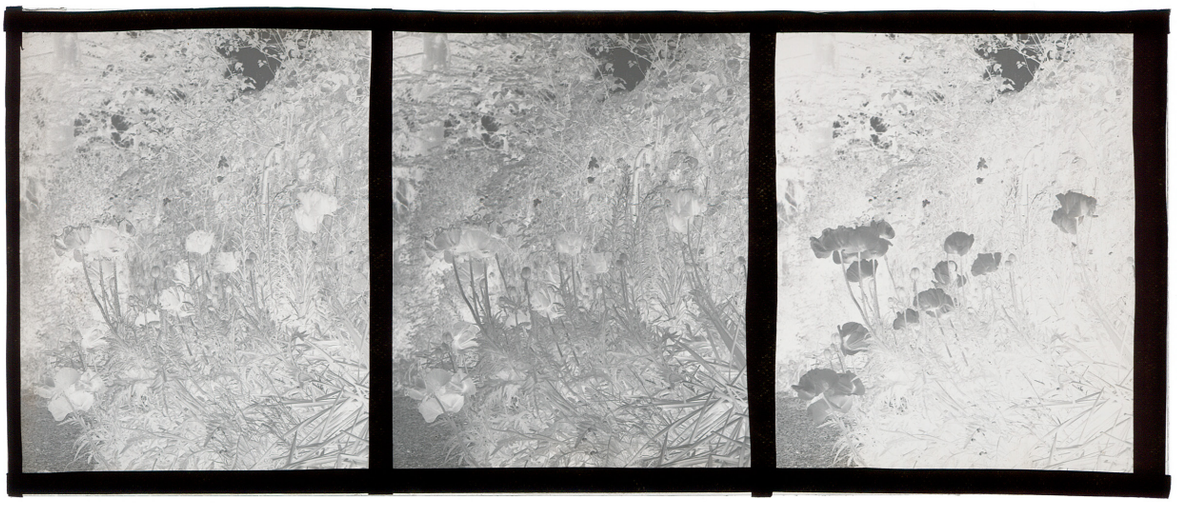

Poppies

Oxford, Summer 1900–03 ?

787. *Papaver orientalis*, against a stone wall

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 53837

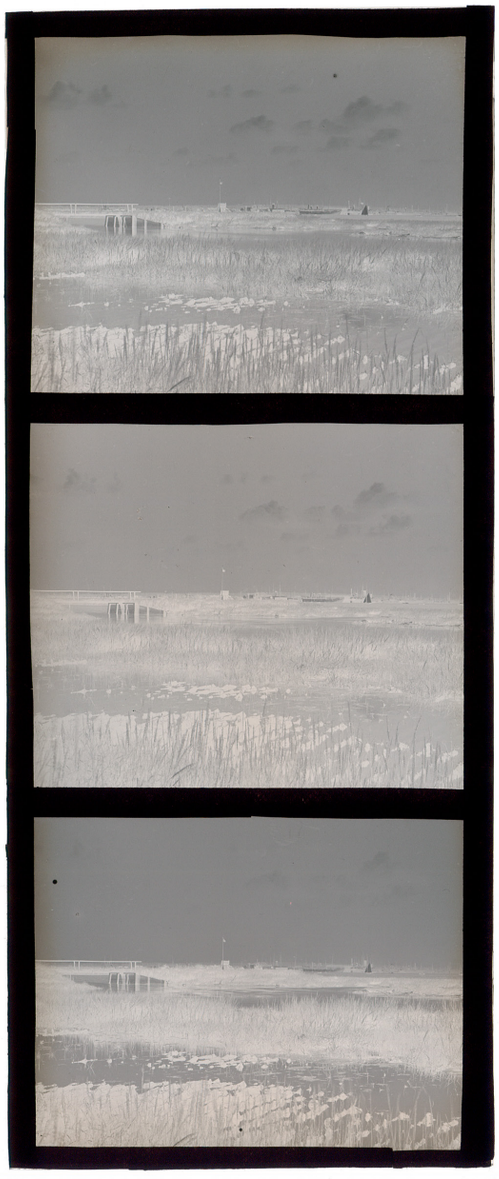

Poppies

Oxford, Summer 1900–03 ?

788. A border with *Papaver orientalis*, in the Botanic Garden?

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 54707

"Foreshore, Southampton Water"

Hythe, Hampshire, between 9 and 20 August 1902
(awarded prize March 1903)

789. The breakwater, Hythe, looking north, with the port of Southampton beyond

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 22613

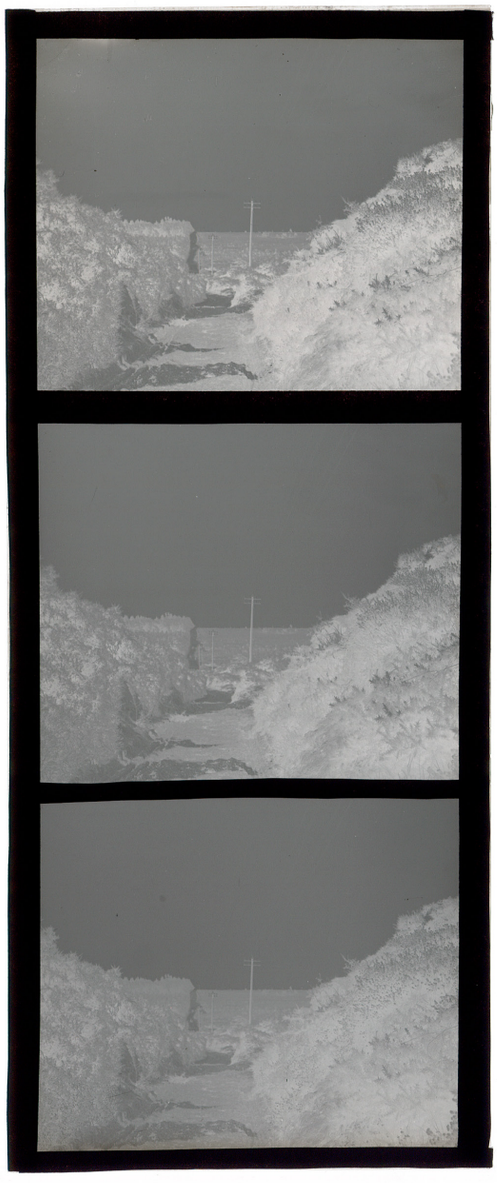

790. The foreshore south of Hythe, looking south-east towards Tate's Copse

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 89997

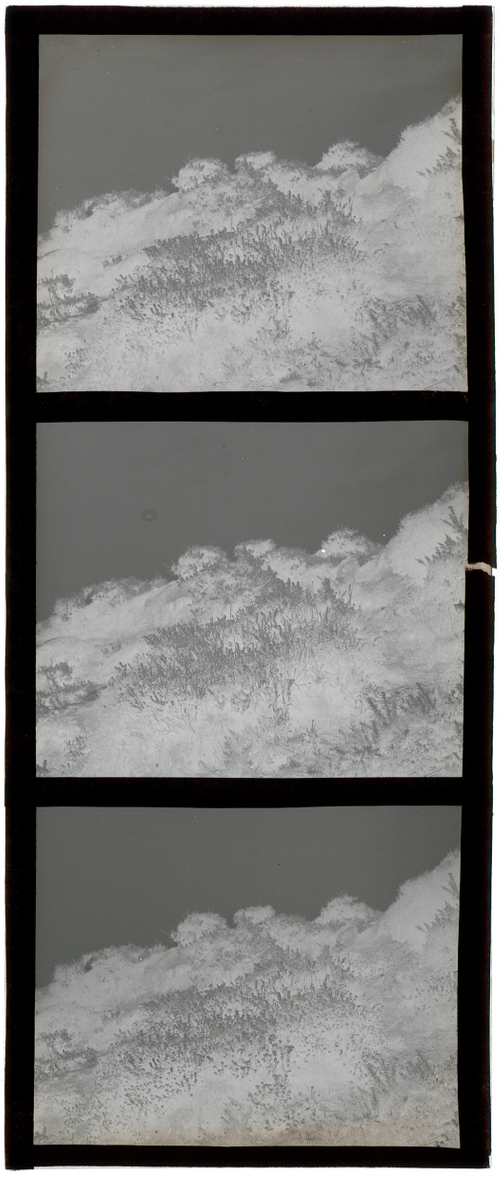

Sandy Lane and Heather

near Hythe, Hampshire ?, August 1902 ?

791. A road through sand dunes, with telegraph poles and wires

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 70409

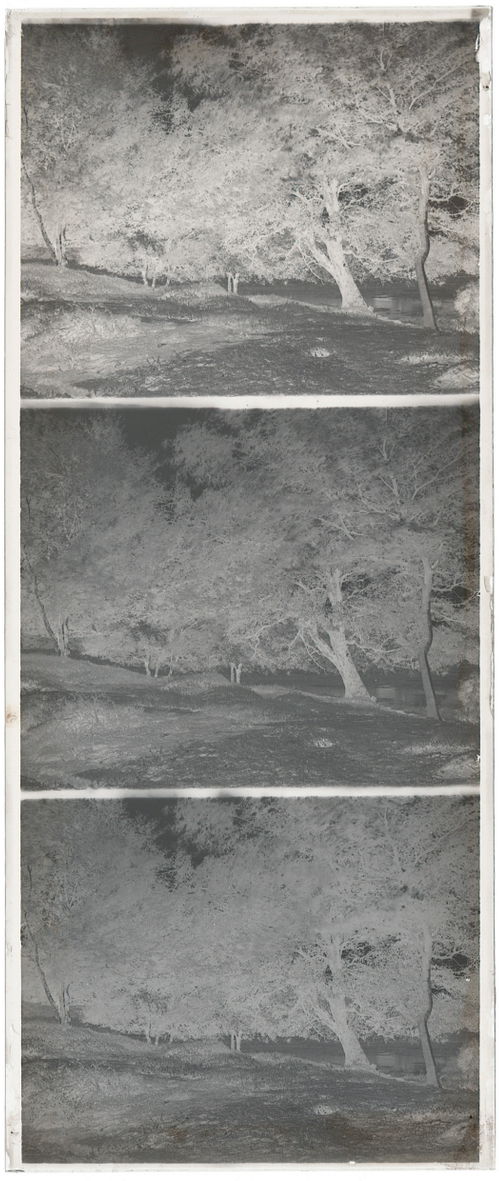

792. Heather in flower by the road

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 53051

River Bank

near Hythe, Hampshire ?, August 1902 ?

793. Trees by water, with heather, unknown location

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 79153

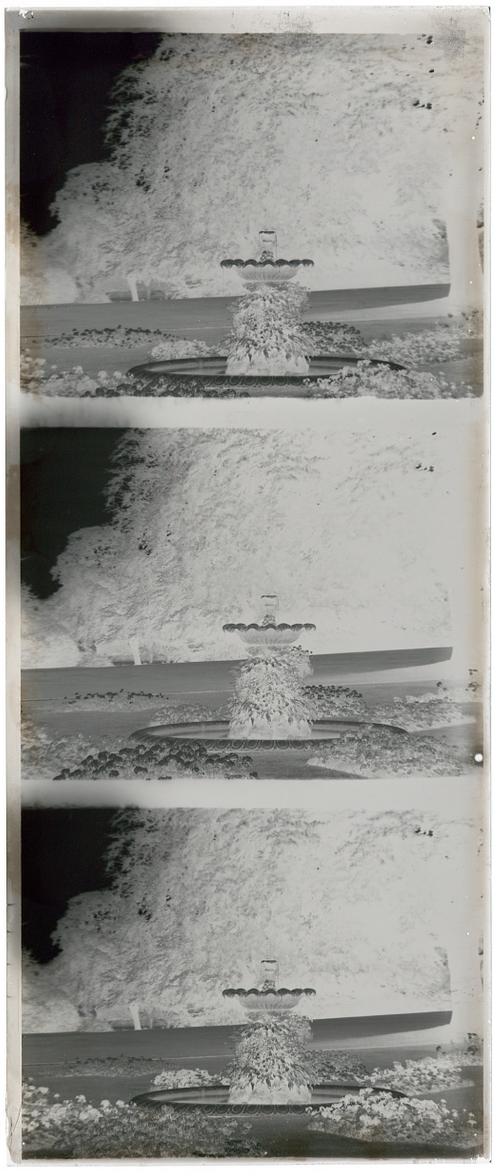

Walled Garden

Unidentified garden, England, Summer 1902 ?

794. Unidentified walled garden

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 68878

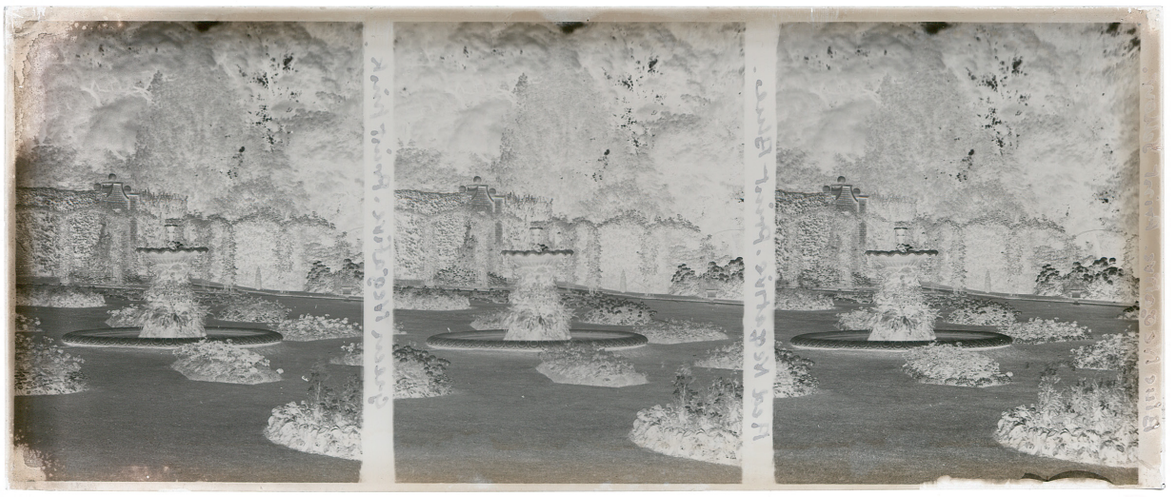

795. A fountain and formal bedding in unidentified garden

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 99106

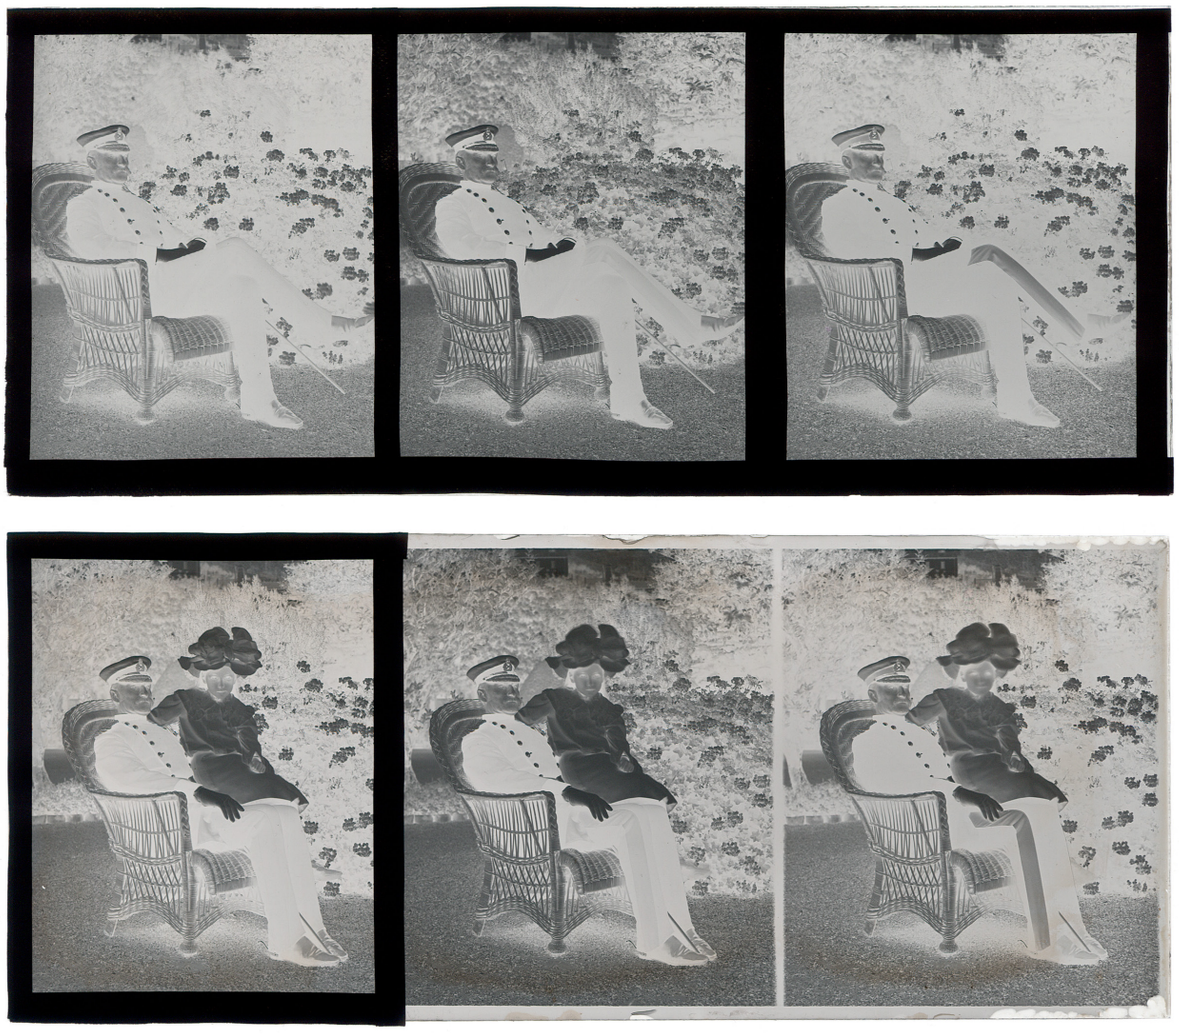

796. A fountain and formal bedding in unidentified garden, looking down towards a waterway on which a small boat with a funnel is moored

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 86369

"Sir. G. White"

Gibraltar, between 29 April and 15 May 1903

797. George Stuart White (1835–1912), seated in a wicker chair in the garden of the Convent, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 75111
"Sir. G. White"(list in box)

798. George Stuart White and Georgina Mary ('Georgie') White (1897–1985), seated in the garden of the Convent, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 30758
"do [Sir. G. White] & Georgie. Georgie moved" (list in box)

"The Admiral"

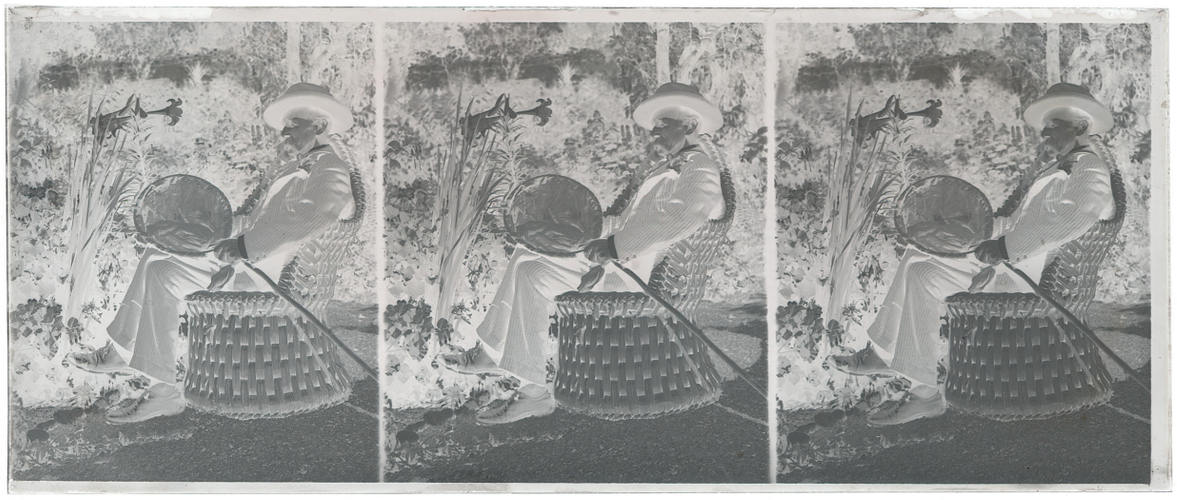

Gibraltar, May 1903

799. William Alison Dyke Acland, in naval uniform, seated, sitting in the garden of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 62989
"89"; "The Admiral" (list in box)

"Sir Willoughby Verner"

Gibraltar, May 1903

800. William Willoughby Cole Verner (1852–1922), seated in the garden of the Mount, Gibraltar, holding a butterfly net

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 75687
"Sir Willoughby Verner" (list in box)

"Conda the Moor"

Gibraltar, May 1903

801. A man named Conda, sitting on steps in the garden of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 74058
"Conda" (list in box)

Conda

Gibraltar, May 1903

802. Conda, sitting on steps in the garden of the Mount, Gibraltar, looking at the camera

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 58734 "40"

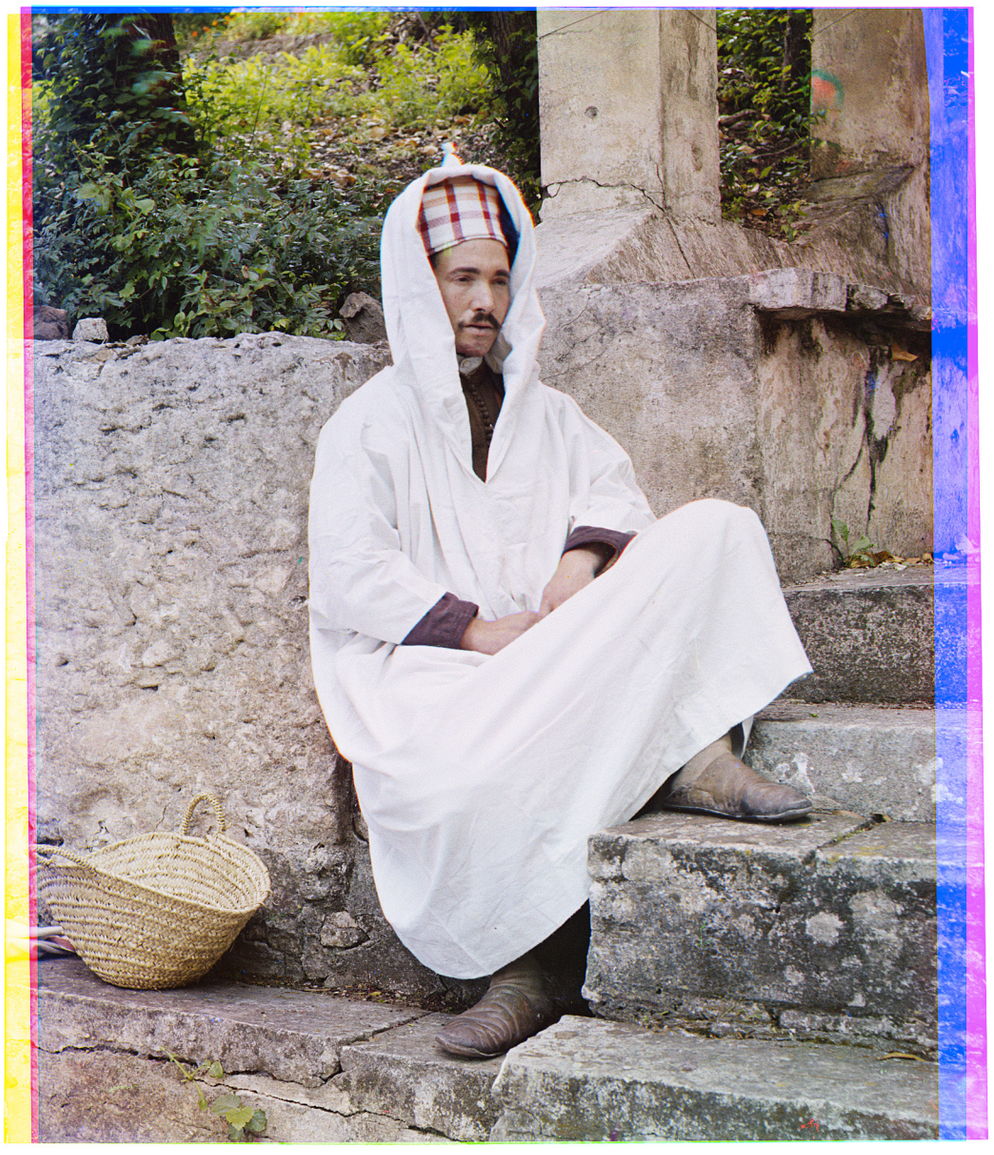

"Conda, Turban and White"

Gibraltar, May 1903

803. Conda, sitting on steps in the garden of the Mount, Gibraltar, dressed in white burnous with a scarf around his fez

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 95405
"42"; "Conda. Turban & white" (list in box)

"Mustapha"

Gibraltar, May 1903

804. Mustapha, brother of Conda, seated on steps in the garden of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 71557
"Mustapha" (list in box)

B Sanger Shepherd process lantern slide (decayed)
Museum of the History of Science, Inventory no. 33100

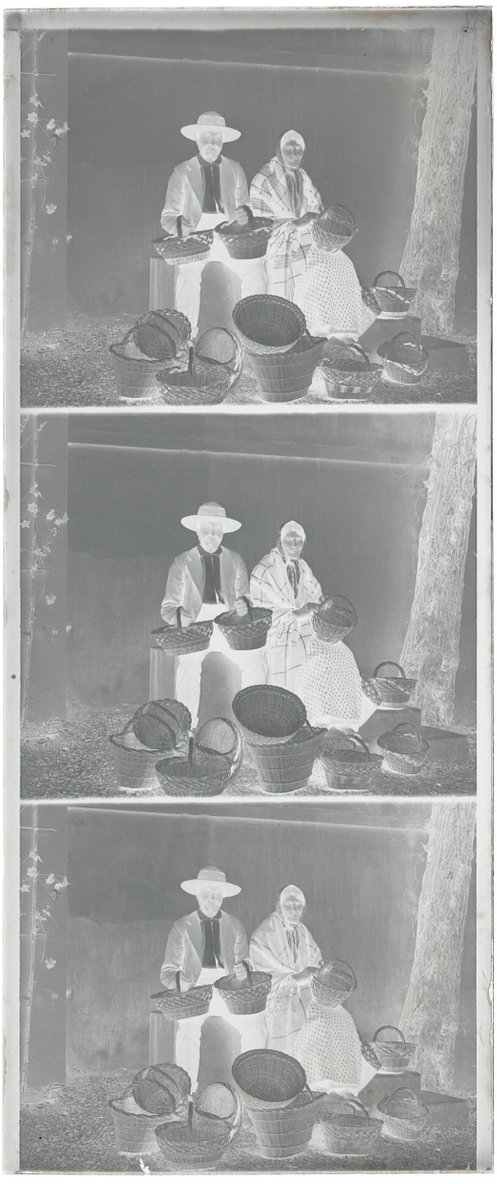

805. Mustapha, dressed as a girl, sitting on steps in the garden of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 40665
" [Mustapha] as girl" (list in box)

"Spanish Gipsies"

Gibraltar, May 1903

806. An unidentified man a woman, sitting on horse mounting blocks outside the Mount, Gibraltar, with baskets they are selling

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 98762
"51"; "Spanish Gipsies" (list in box)

B 8 × 3⅓ inch three-colour positive
Museum of the History of Science, Inventory no. 36743

806B

807. Unidentified man a woman, sitting on horse mounting blocks outside the Mount, Gibraltar, the woman with her hand on the man's shoulder

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 21141

"Dining Room at the Mount"

Gibraltar, May 1903

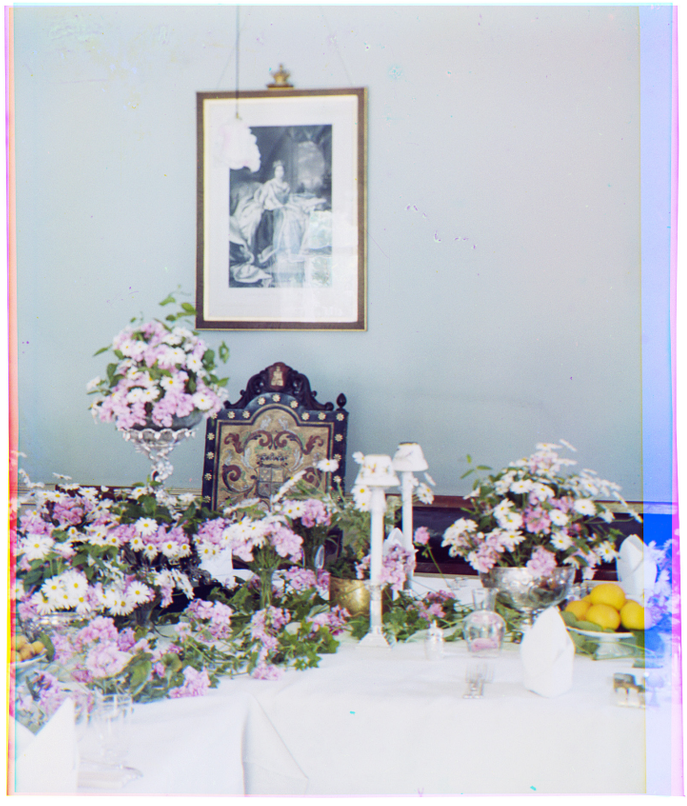

808. Dining table at the Mount, Gibraltar, arranged as it was for the visit of Edward VII

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 33416
"Dining room Mount ." (list in box)

809. Dining table at the Mount, Gibraltar, arranged as it was for the visit of Edward VII, slightly further back

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 94129
"do [Dining room Mount] small" (list in box)

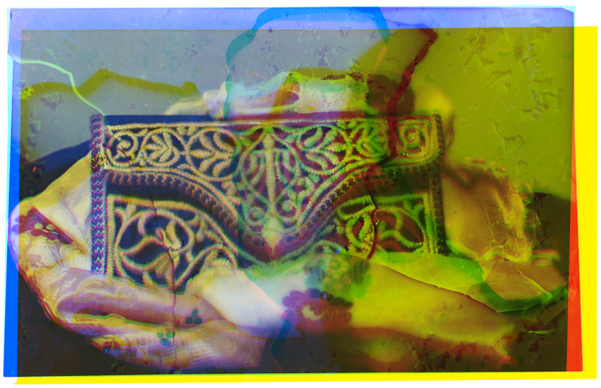

'King's Case"

Gibraltar, May 1903

810. Silk handkerchief and embroidered case containing a letter from the Sultan of Morocco presented to Edward VII in Gibraltar, 1903, emulsion peeling

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 24240
"78"; "Kings Case large ." (list in box)

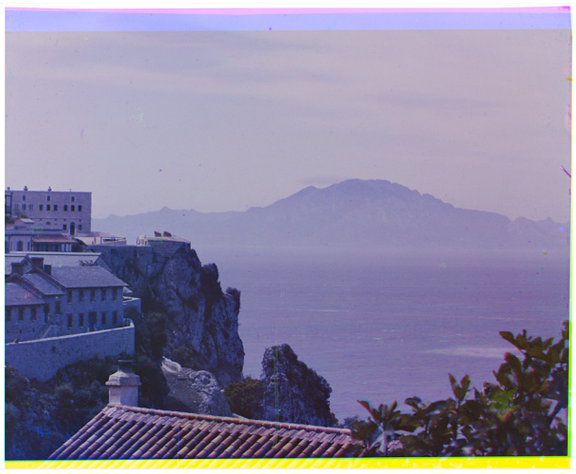

811. Silk handkerchief and embroidered case containing, slightly smaller

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 32359
"79"; "do [Kings Case] small ." (list in box)

Jebel Musa

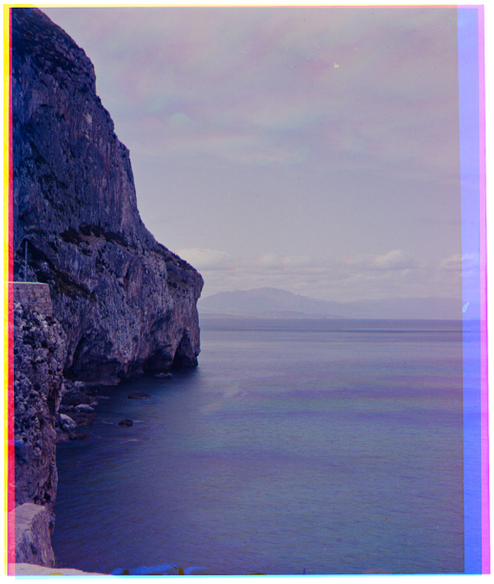

Gibraltar, May 1903 or May 1904

812. Jebel Musa and the coast of Morocco, from The Mount, looking south by south-west, with the Buena Vista Barracks top left

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 72649 "5"

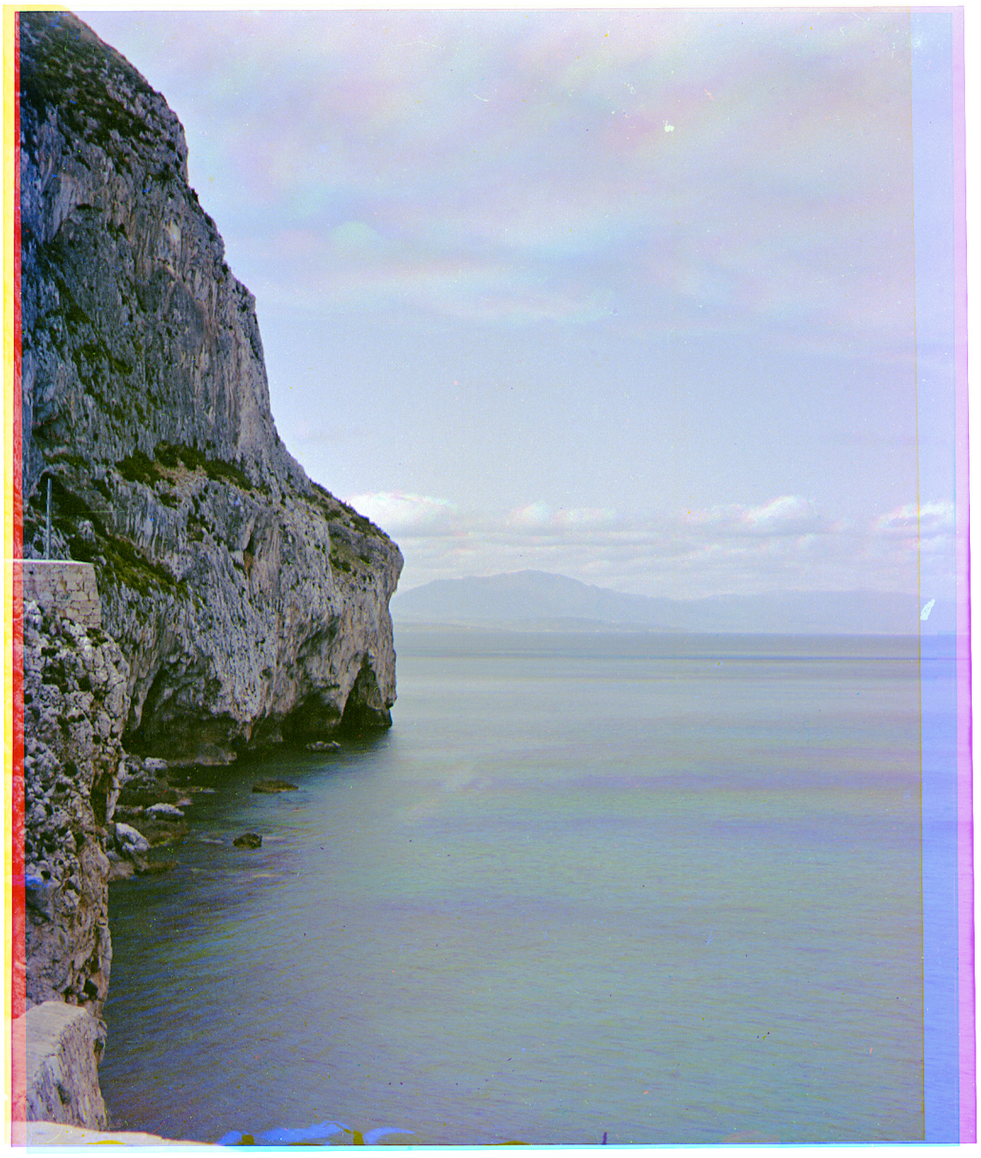

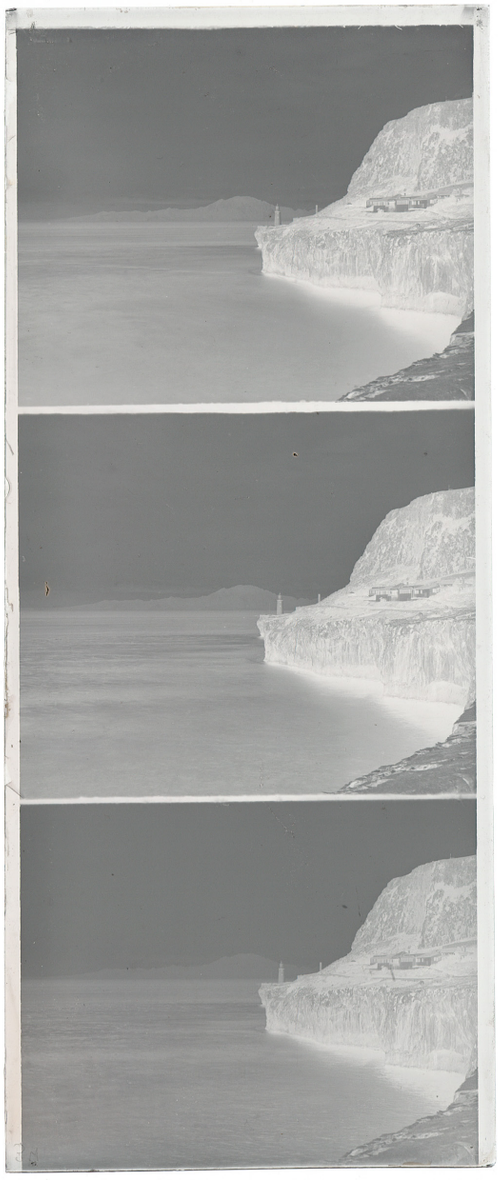

"The Home of the Osprey"

Gibraltar, May 1903 or May 1904

813. View north from the Europa Advance gun emplacement, Gibraltar, the coast of Andalusia in the distance

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 64613
"Rock" (list in box)

"Europa Point, Gibraltar"

Gibraltar, May 1903 or May 1904

814. Governor's Cottage, Gibraltar, Europa Point and light, with Jebel Musa and the coast of Morocco in the distance, from the Europa Advance gun emplacement

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 14858
"34"; "Europa Point" (list in box)

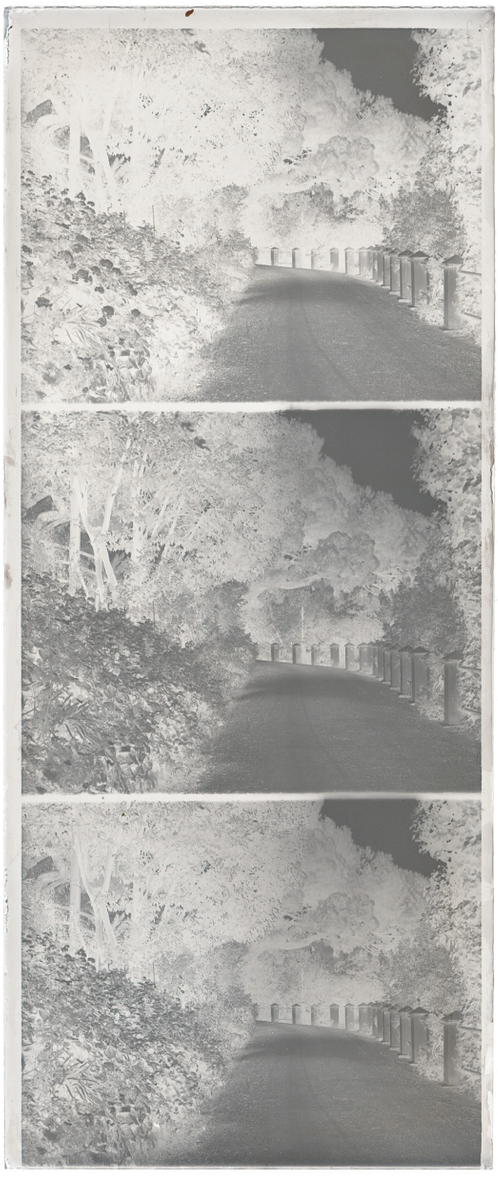

Gates of the Mount

Gibraltar, May 1903 or May 1904

815. Gates of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 74610
"56"

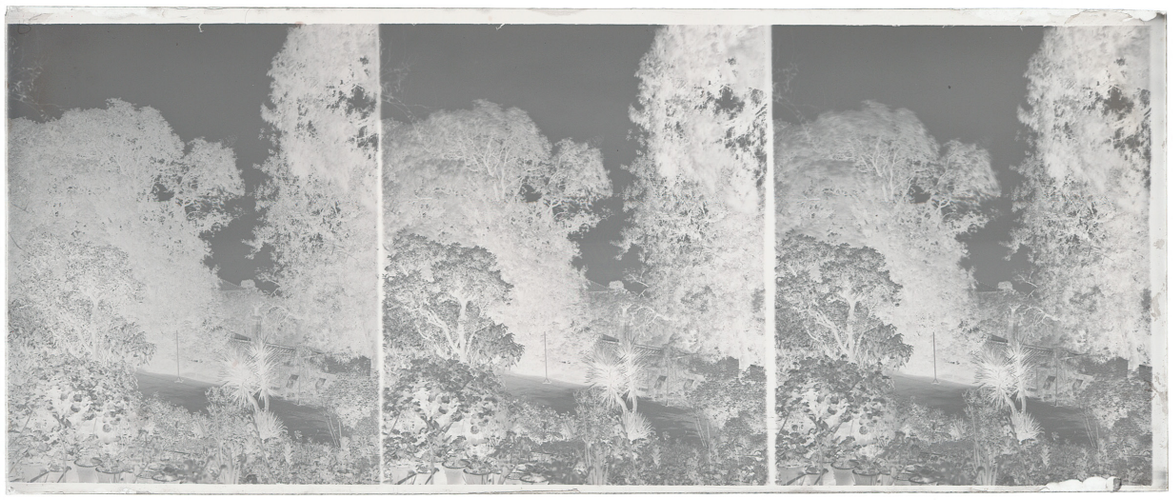

Drive of the Mount

Gibraltar, May 1903 or May 1904

816. Drive of the Mount, Gibraltar, looking south from near the house

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 54980 "75"

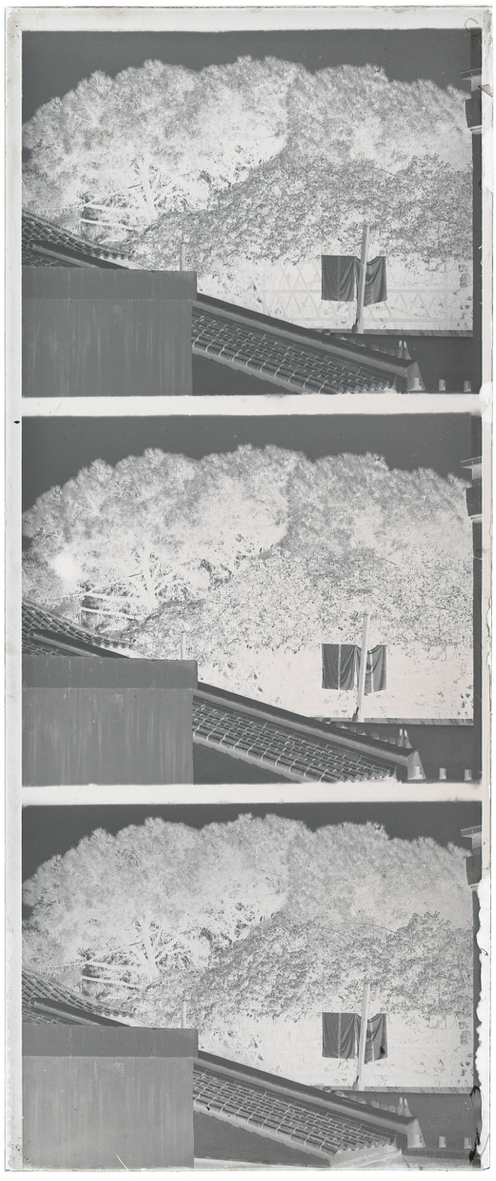

View from the Dining Room

Gibraltar, May 1903 or May 1904

817. View south by south-west from the Mount, Gibraltar, over the tennis court, probably from the dining room

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 59467
"8"?

"From My Window, Gibraltar"
Gibraltar, May 1903 or May 1904

818. View south by south-west from the Mount ?, Gibraltar, over the rooftops, with washing and sponges put out to dry, probably from one of the guest rooms

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 45128 "6"

Across the bay

819. View west over Gibraltar Bay towards Algeciras from the Mount, possibly from the dining room or one of the guest rooms

Gibraltar, May 1903 or May 1904

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 91942 "33"

B Sanger Shepherd process lantern slide (decayed)
Museum of the History of Science, Inventory no. 32479

A Handsome Pergola

Gibraltar, May 1903 or May 1904

820. A pergola in the gardens of the Mount, Gibraltar, the house in the background

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 16117 "2"

The Mount Gardens

Gibraltar, May 1903 or May 1904

821. Flora in the gardens of the Mount, Gibraltar, looking south towards the house

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 62044
"8"

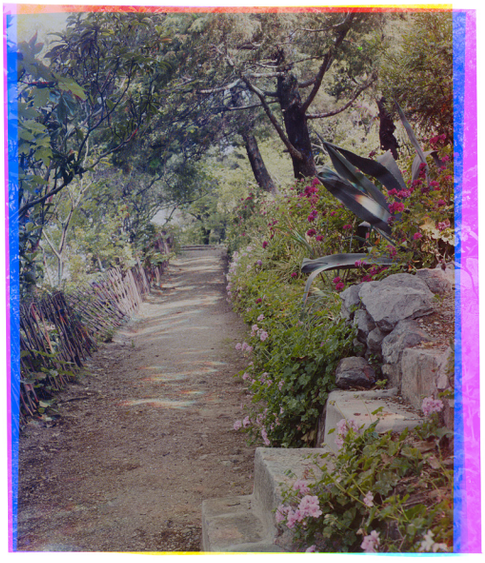

Solomon's Gardens of Old

Gibraltar, May 1903 or May 1904

822. A terrace in the gardens of the Mount, Gibraltar, looking north, with steps leading to the Upper Walk

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 88508

"Best of Upper Walk"

Gibraltar, May 1903 or May 1904

823. The gardens of the Mount, Gibraltar, looking north, probably along the Upper Walk, the boundary fence of the garden visible on the right

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 71615
"15"

Terrace

Gibraltar, May 1903 or May 1904

824. A terrace in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 37524 "2"

Terraces in the Mount Gardens

Gibraltar, May 1903 or May 1904

825. The gardens of the Mount, Gibraltar, looking south, a lamppost just visible on the right

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 57924
"5"

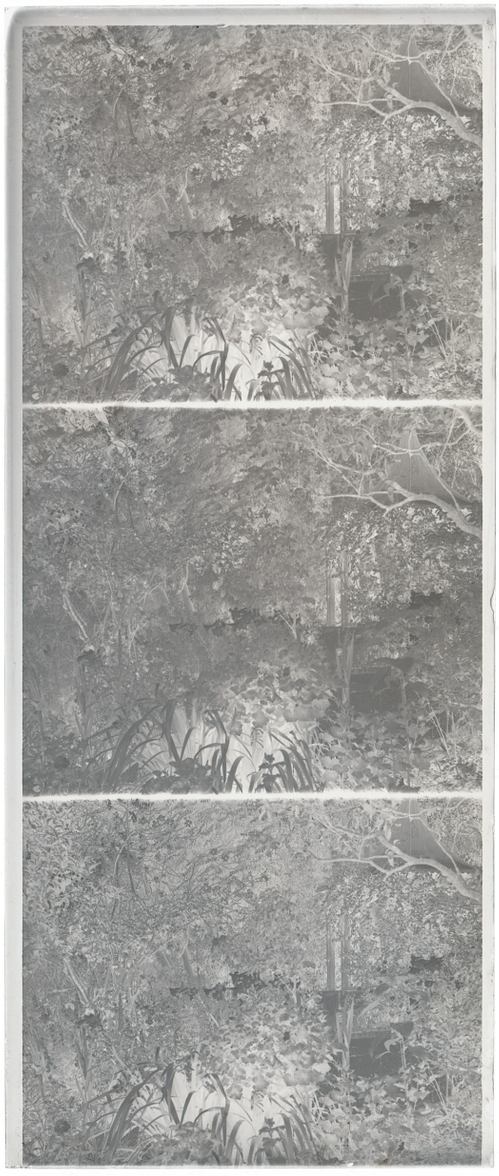

826. The gardens of the Mount, Gibraltar, looking north

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 49871

Gazebo

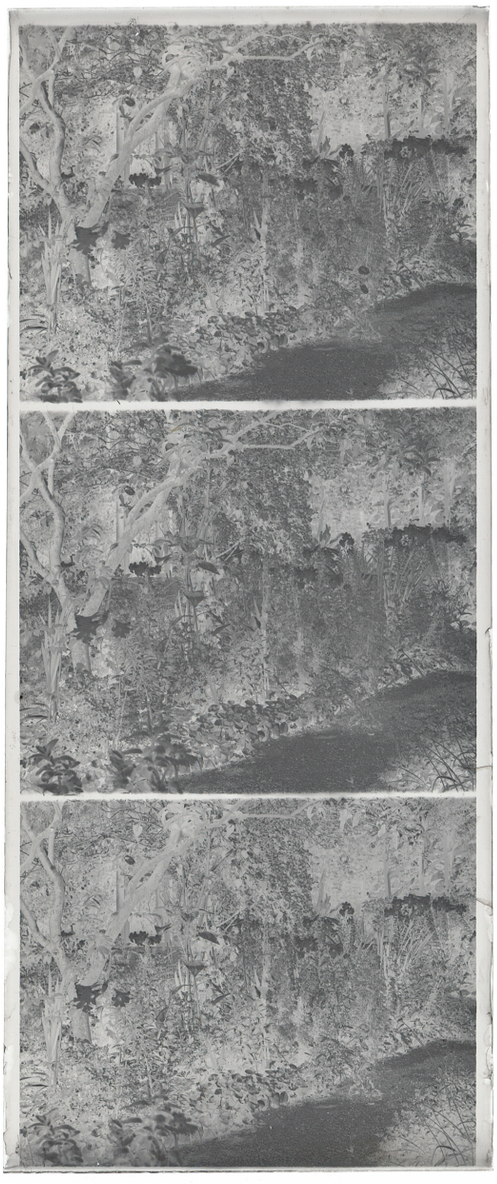

Gibraltar, May 1903 or May 1904

827. A gazebo in the gardens of the Mount, Gibraltar, with Hibiscus rose

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 24121 "73"

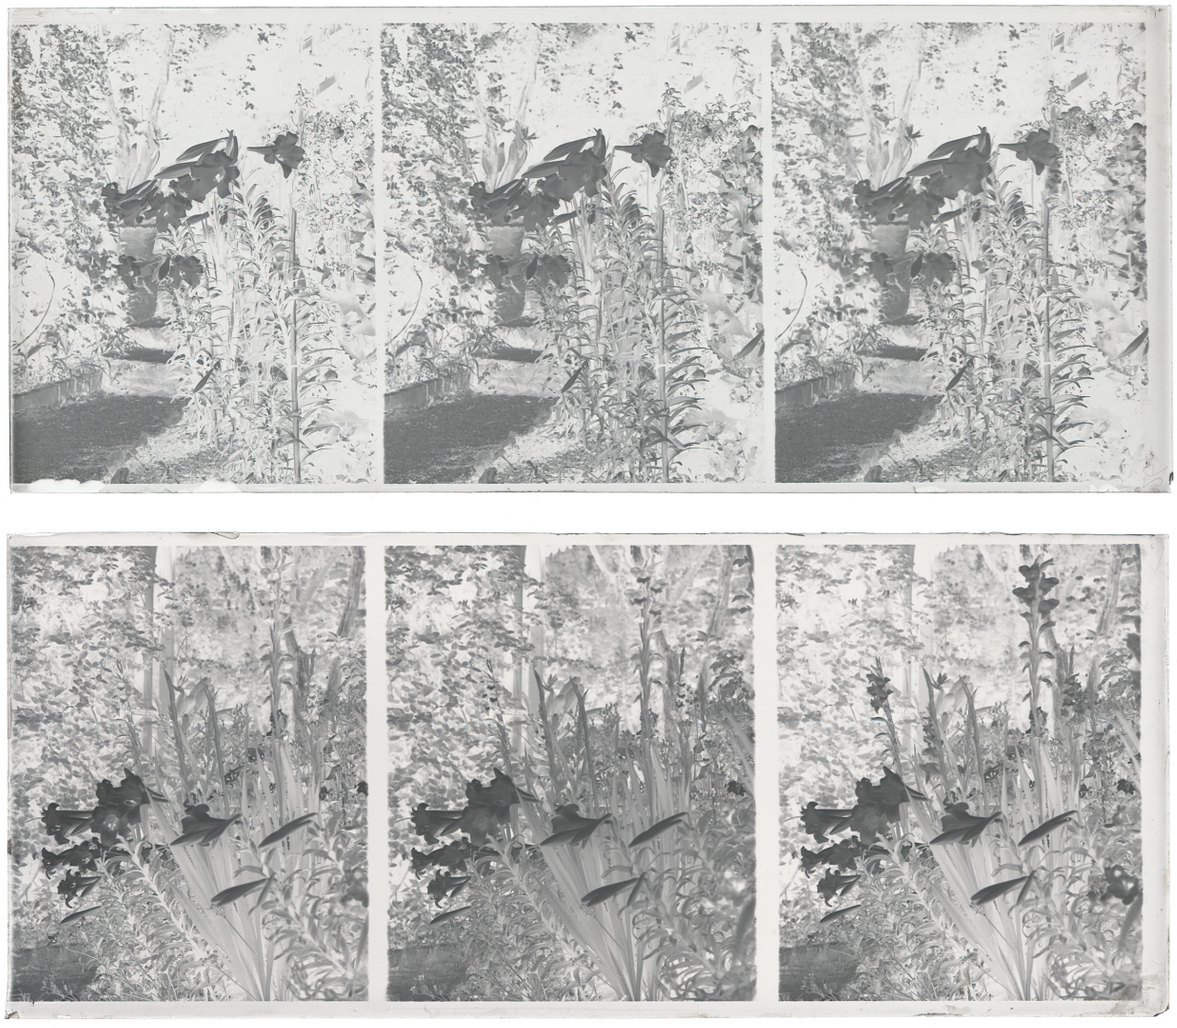

Flower Border

828. A border of white lilies in the gardens of the Mount, Gibraltar

Gibraltar, May 1903 or May 1904

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 25043 "77"

Bermuda Lilies

Gibraltar, May 1903 or May 1904

829. *Lilium longifloram*, in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 69011
"26"

830. *Lilium longiflorum* and *Gladiolus*, the gardens of the Mount, Gibraltar

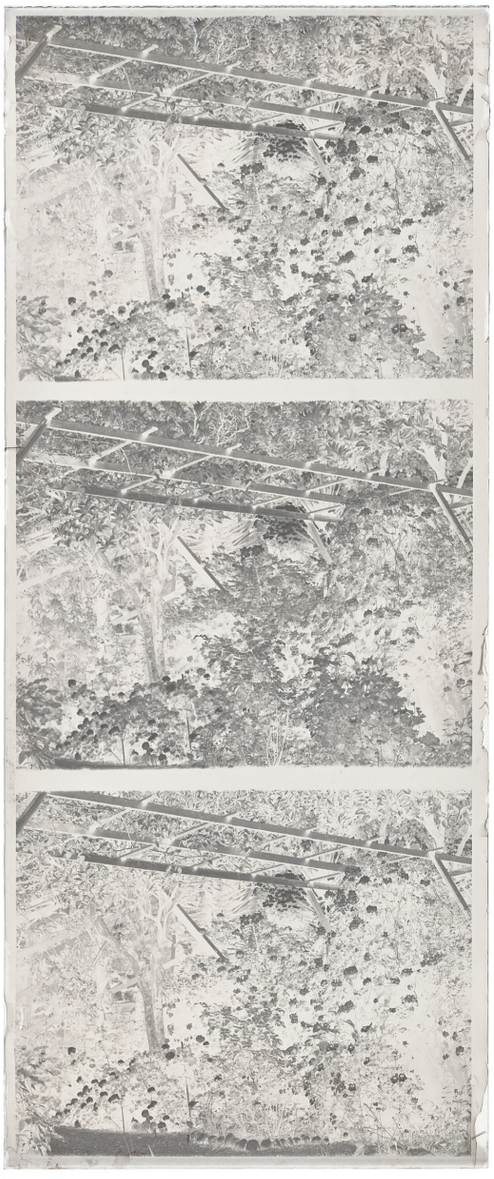

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 27317
"2"

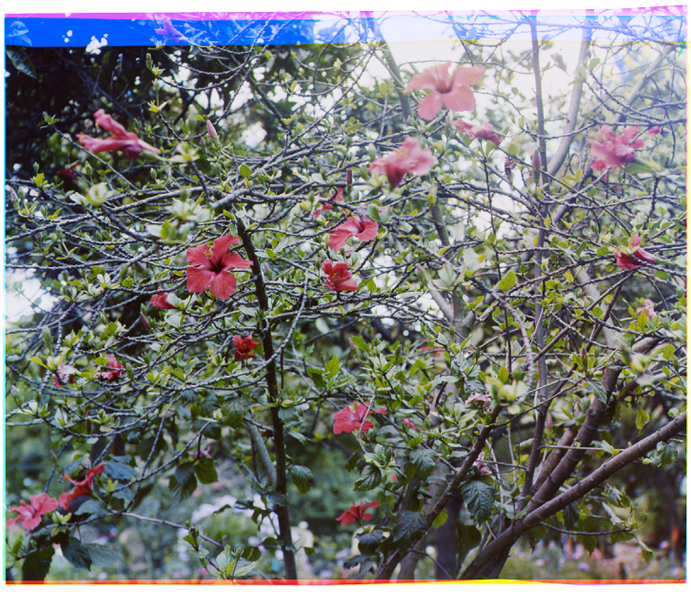

Trellis

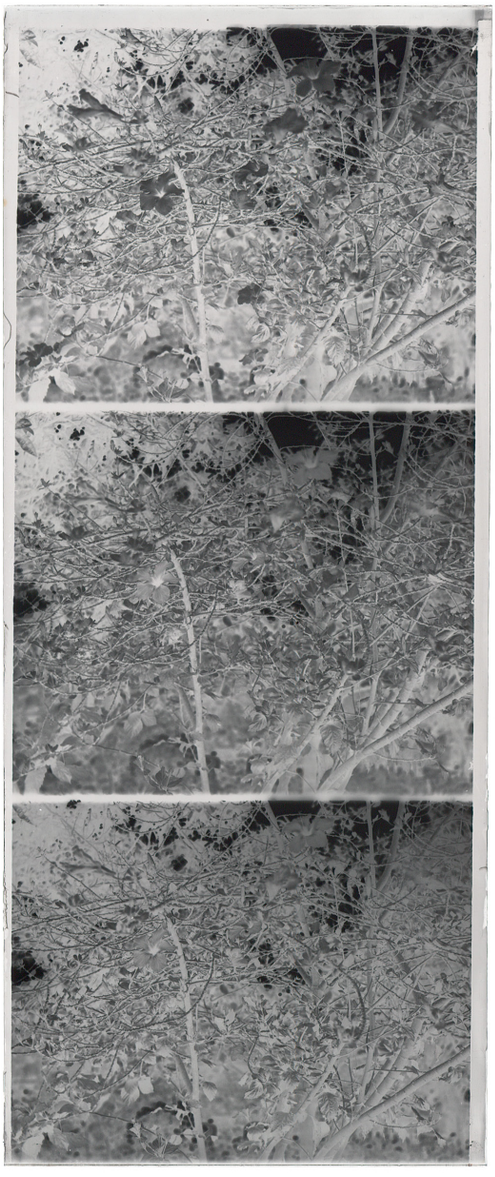

Gibraltar, May 1903 or May 1904

831. A trellis in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 36675

Hibiscus Rose

Gibraltar, May 1903 or May 1904

832. Hibiscus rose in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 57461

Night-blooming Jasmine

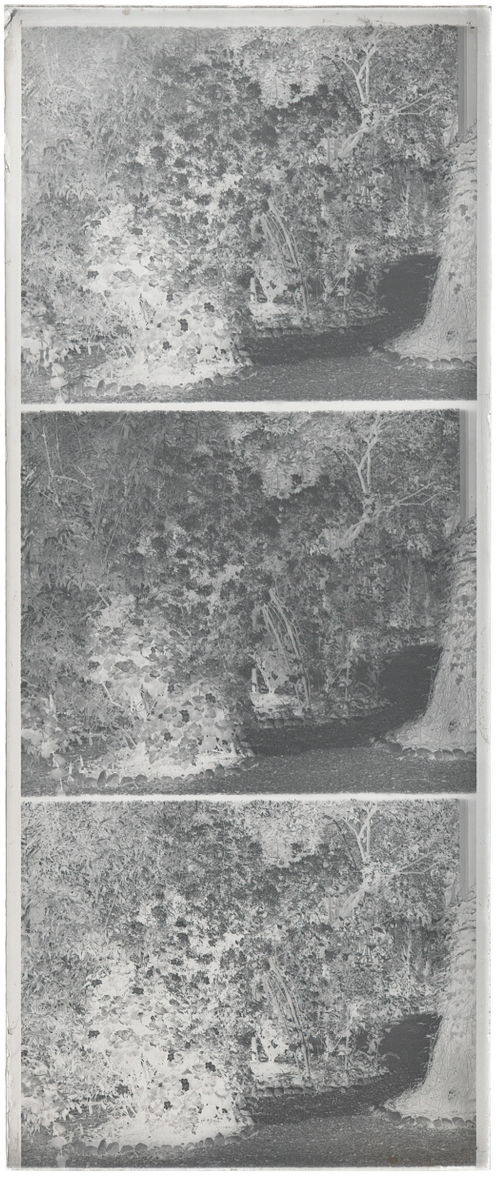

Gibraltar, May 1903 or May 1904

833. ***Cestrum nocturnum* outside the Mount, Gibraltar**

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 90662
"30"

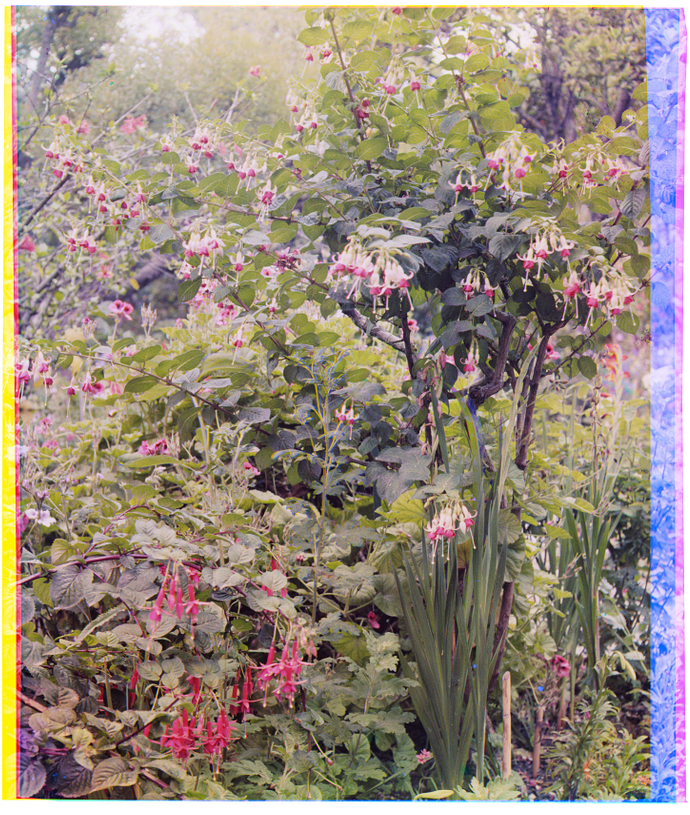

Honeysuckle

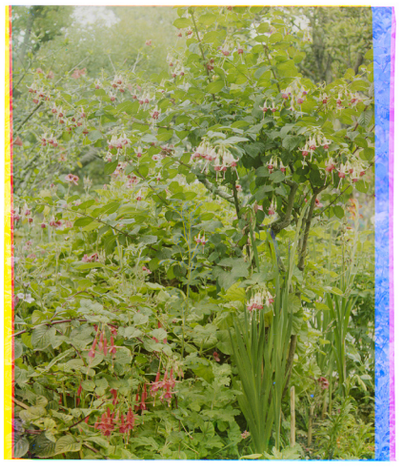

Gibraltar, May 1903 or May 1904

834. *Lonicera* and other plants in the gardens of the Mount, Gibraltar, near the house

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 71665 "16"

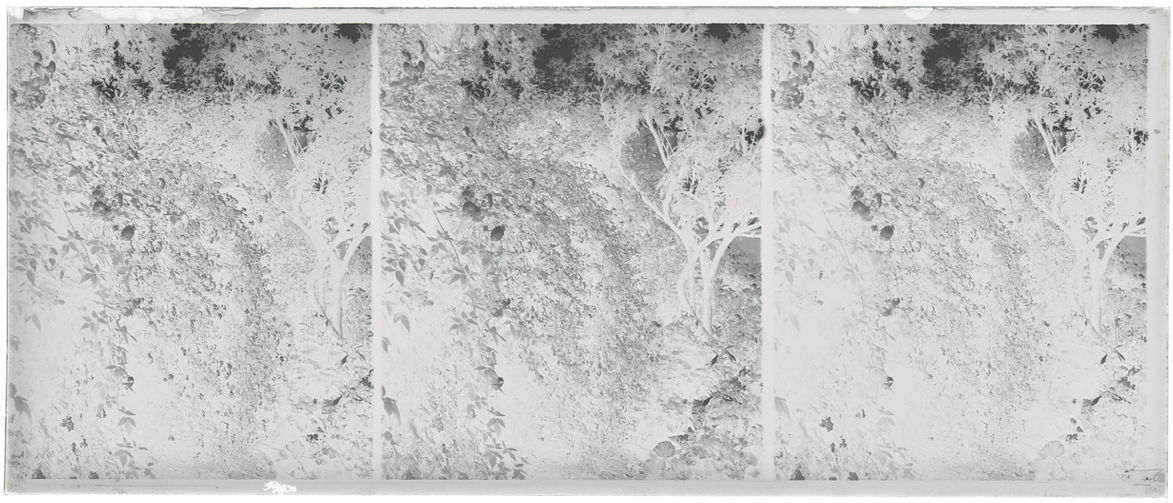

"Fuchsias"

Gibraltar, May 1903 or May 1904

835. Fuchsias in the gardens of the Mount, Gibraltar

A 8 × 3⅛ inch three-colour negative
Museum of the History of Science, Inventory no. 39647
"3"?; "Fuschias" [sic] (list in box)

Heliotrope

Gibraltar, May 1903 or May 1904

836. *Heliotropium arborescens* in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 90954 "17"

"Flowering Bank"

Gibraltar, May 1903 or May 1904

837. Pink ivy-leaf geranium in the gardens of the Mount

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 20216
"3" or "8" ?

838. Pink ivy-leaf geranium in the gardens of the Mount, close up

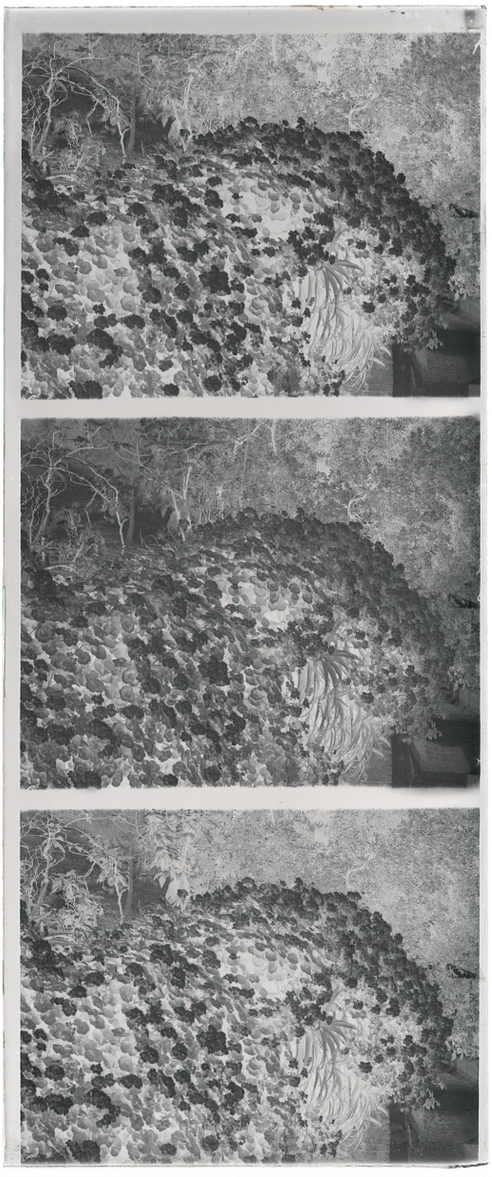

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 96505
"3"

Geraniums

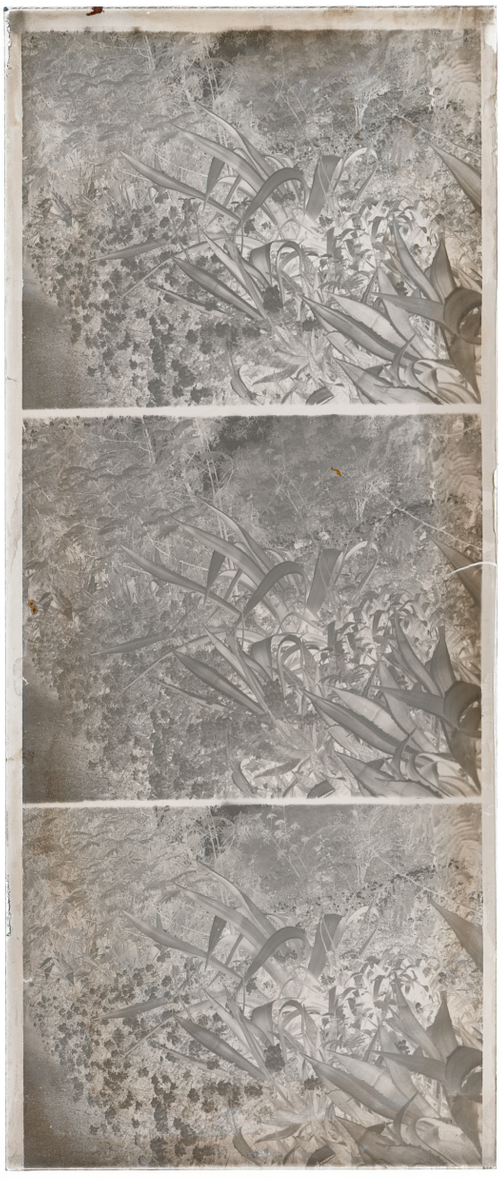

Gibraltar, May 1903 or May 1904

839. *Pelargonium zonale*, in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 52712
"3"

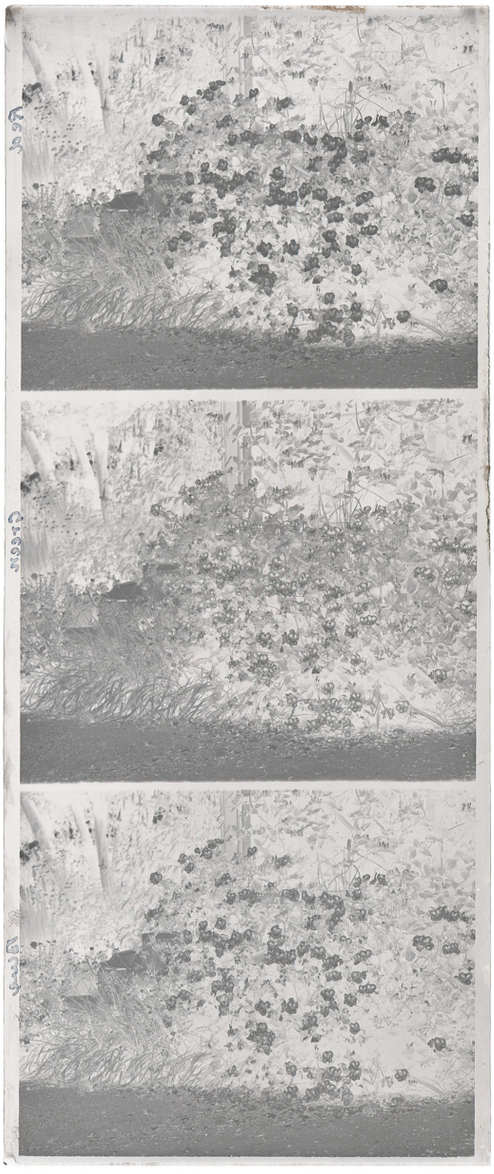

Agave

Gibraltar, May 1903 or May 1904

840. *Agave Americana* 'Marginata', in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 59121

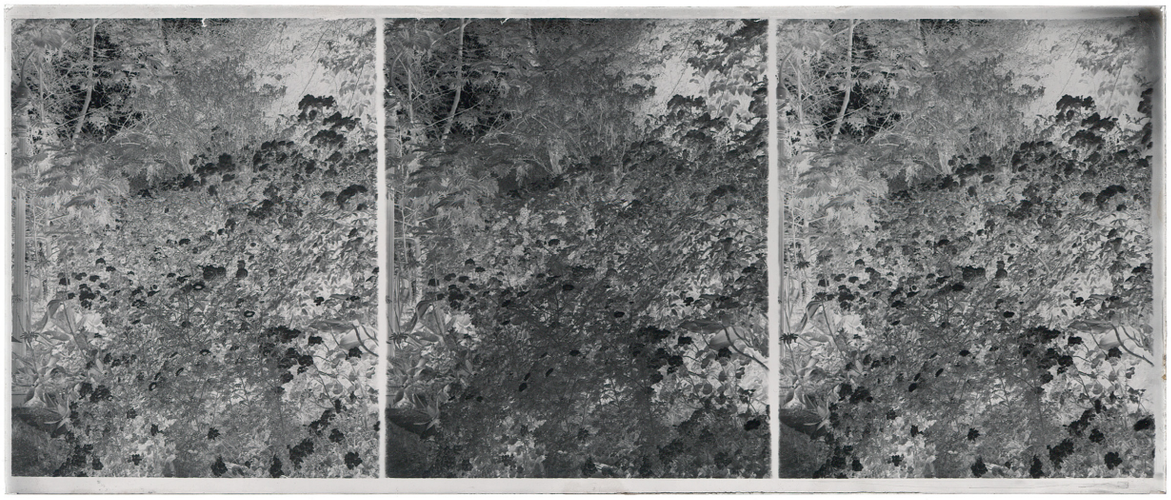

Cultivated Colours

Gibraltar, May 1903 or May 1904

841. Exotic species of *Pelargonium*, in the gardens of the Mount, Gibraltar, by steps, with a gardener's hat and tools

A 8 × 3⅓ inch three-colour negative

Museum of the History of Science, Inventory no. 99818

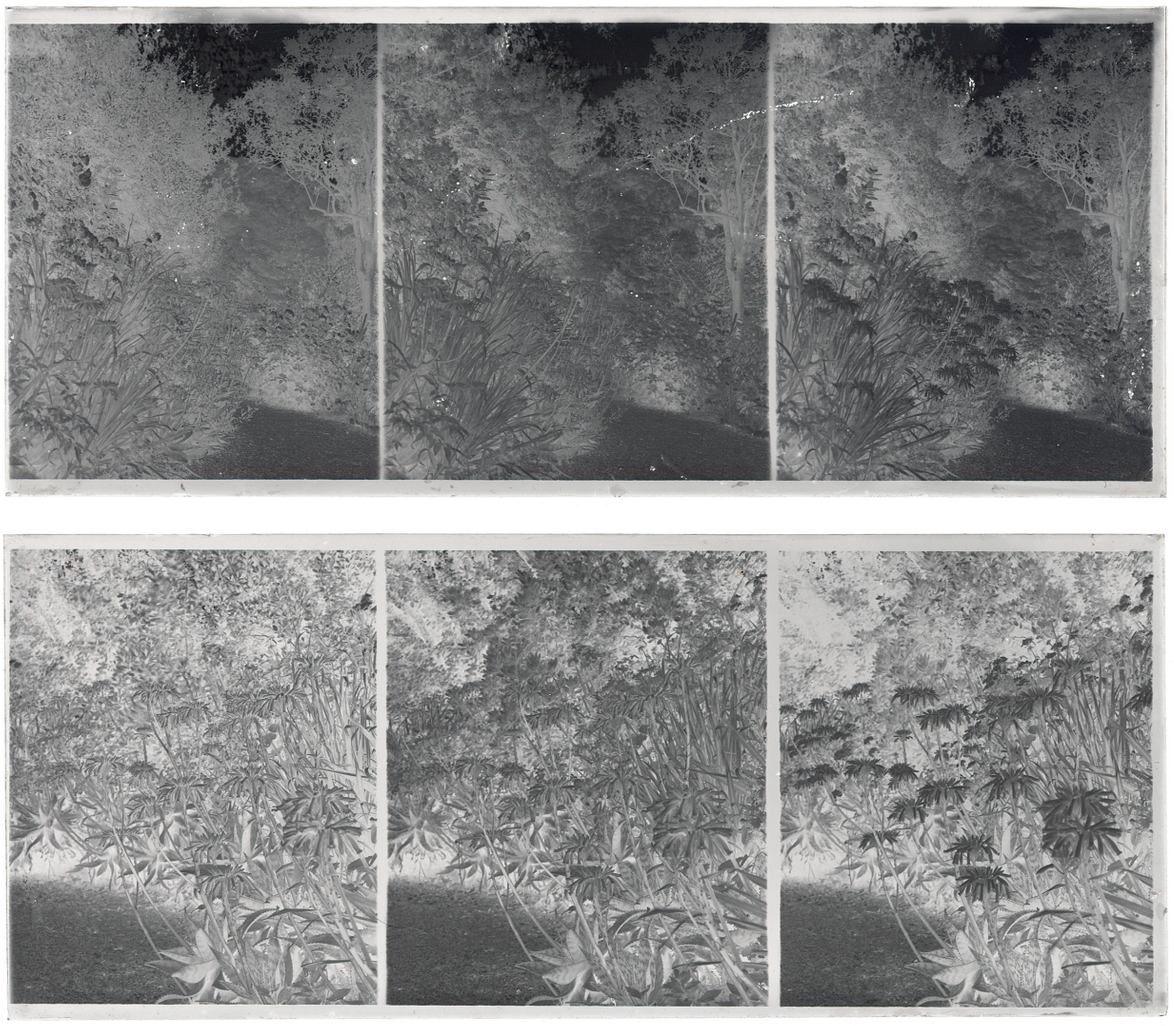

Roses and Yellow-eyed Daises

Gibraltar, May 1903 or May 1904

842. Roses and yellow-eyed in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 36018

Aloes

Gibraltar, May 1903 or May 1904

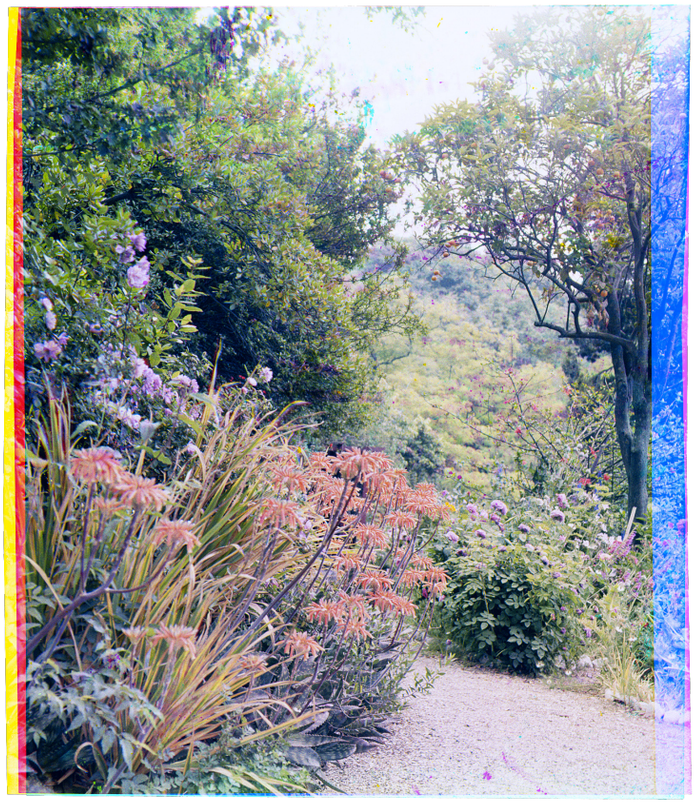

843. A border in the gardens of the Mount, Gibraltar, with *Aloe saponaria*

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 64406

844. ***Aloe saponaria*, the gardens of the Mount, Gibraltar**

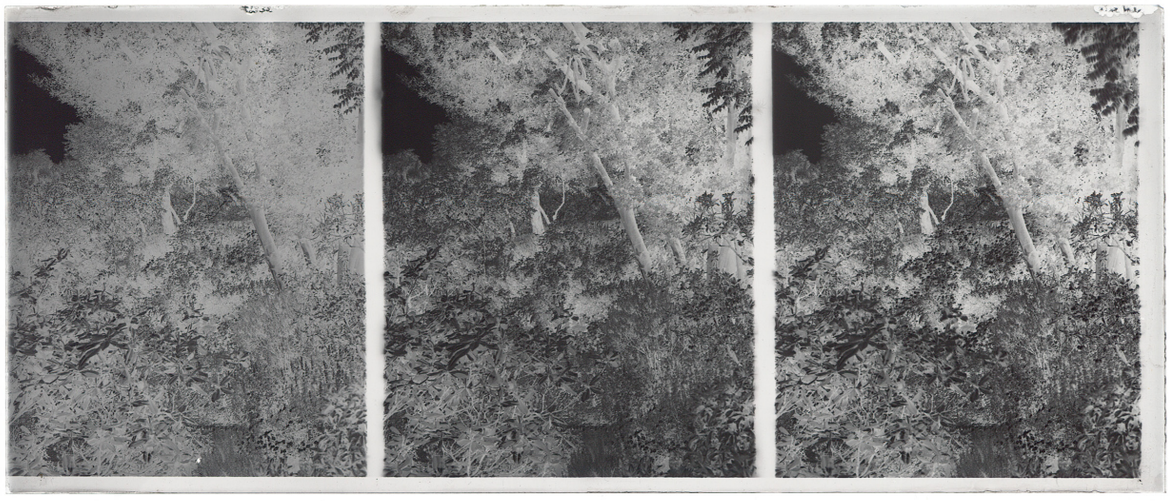

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 18407
"67"

"The Wilderness"

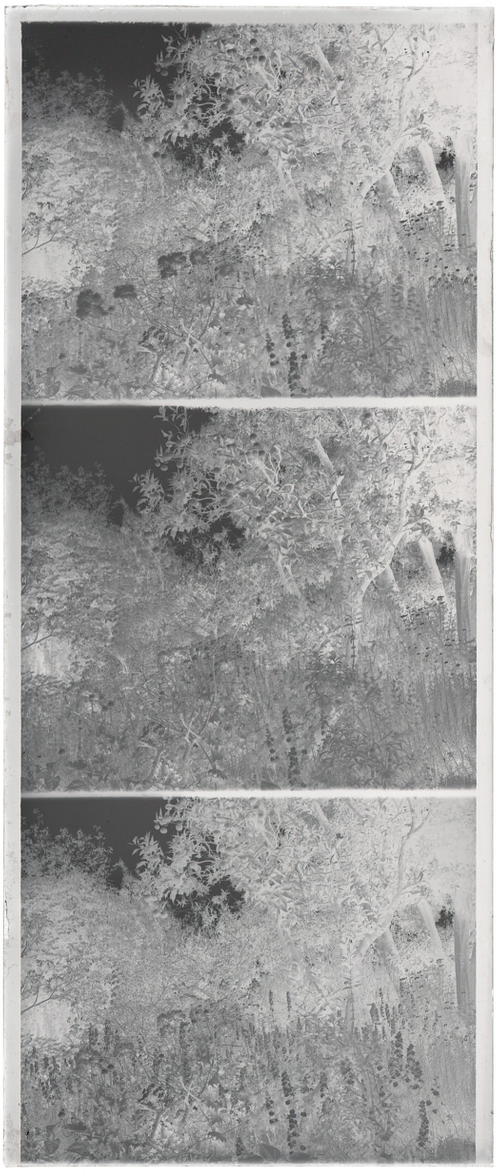

Gibraltar, May 1903 or May 1904

845. The Mount Gardens, probably "The Wilderness"

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 68644

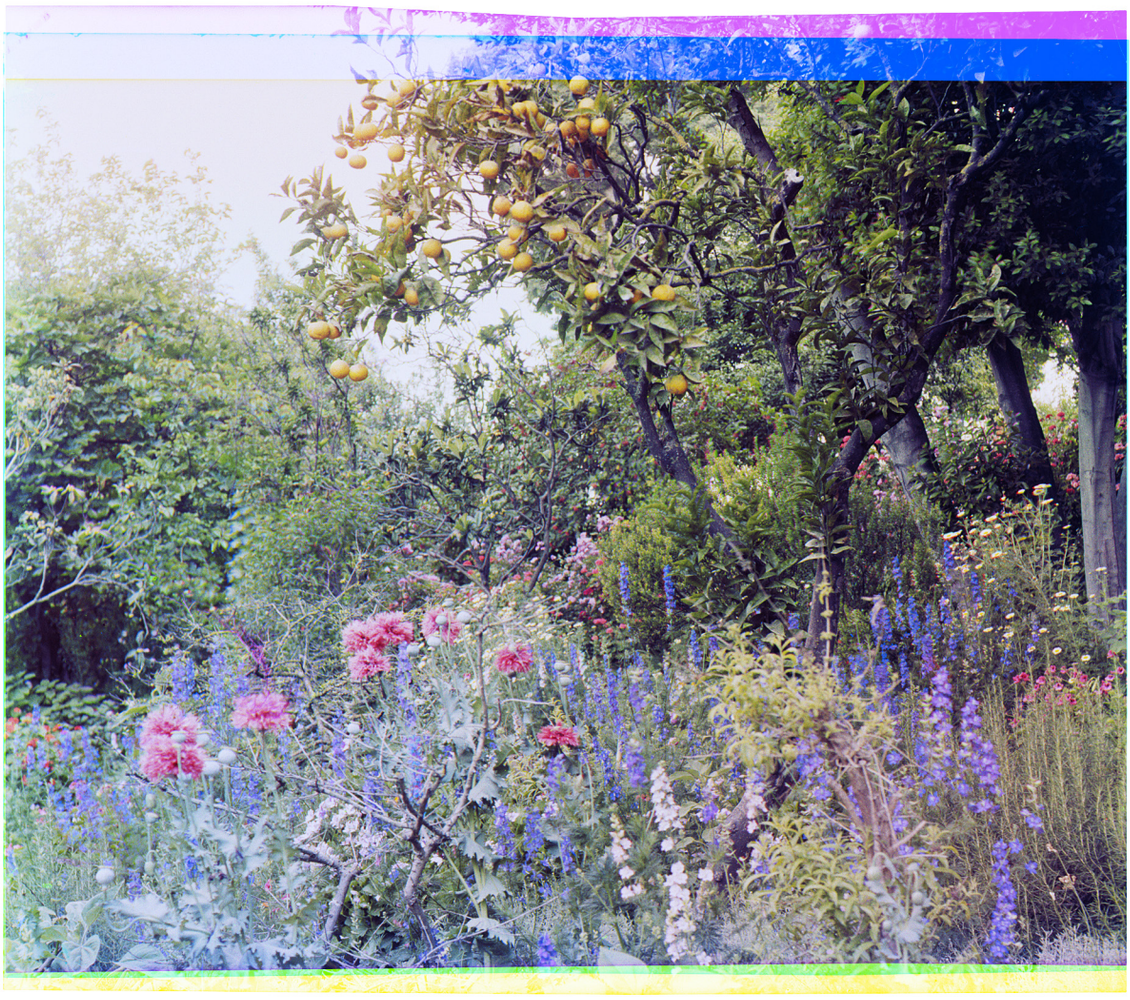

Seville Orange Tree

Gibraltar, May 1903 or May 1904

846. *Citrus aurantium*, carnations and delphiniums in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 45657
"74"

Flora Calpensis

Gibraltar, May 1903 or May 1904

847. A riot of flowers in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 98071

The Admiral's Garden Gate

Gibraltar, May 1903 or May 1904

848. Gate in the gardens of the Mount, Gibraltar

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 47495
"15"

Begonia

Gibraltar ?, May 1903 or May 1904

849. Miniature Begonia

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 42428 "25"

B Sanger Shepherd process lantern slide (decayed)
Museum of the History of Science, Inventory no. 63098

False Fressia

Gibraltar, May 1903 or May 1904

850. ***Freesia laxa***

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 70408
"5" or "15"

Prickly Pear

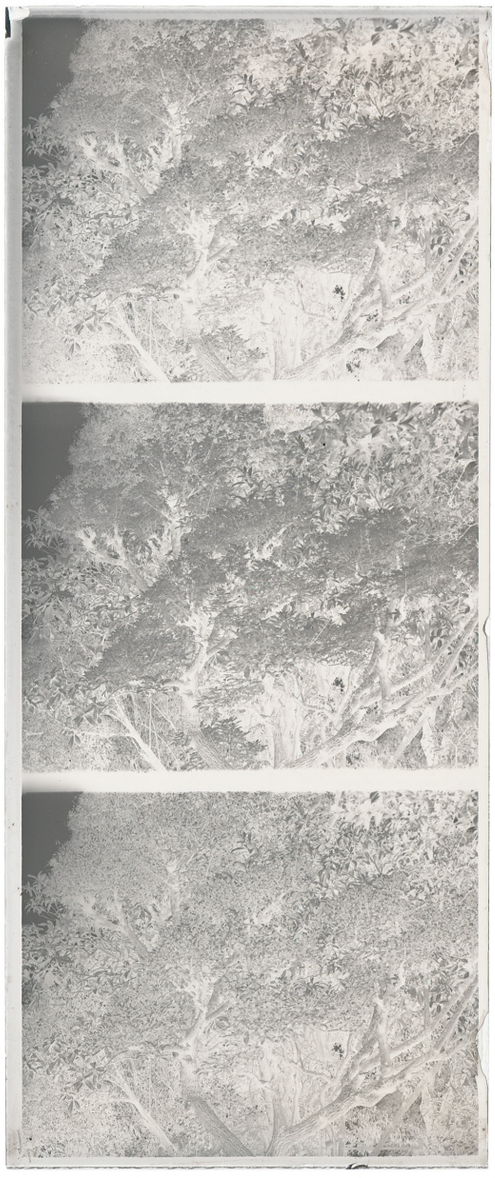

Gibraltar or Spain, May 1903 or May 1904

851. *Opuntia*, aloes and pelargoniums, in a hedge

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 35044

Coral Tree

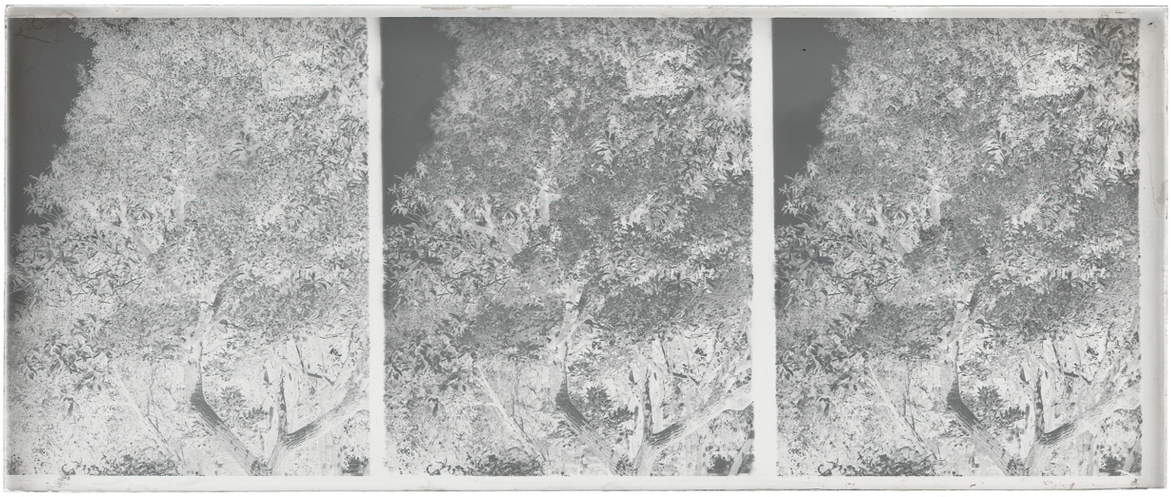

Gibraltar, May 1903 or May 1904

852. Canopy of ***Erythrina crista-galli***

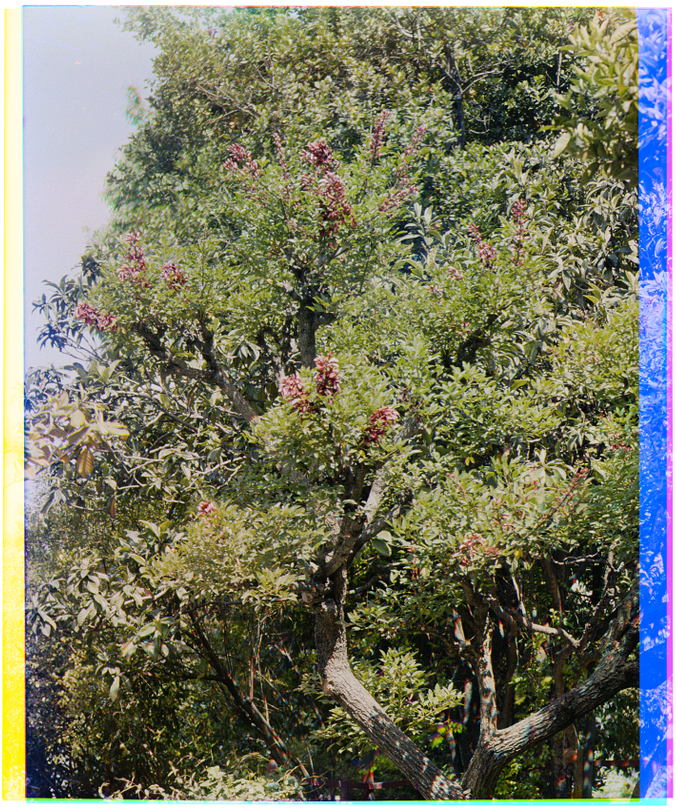

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 12660
"61"

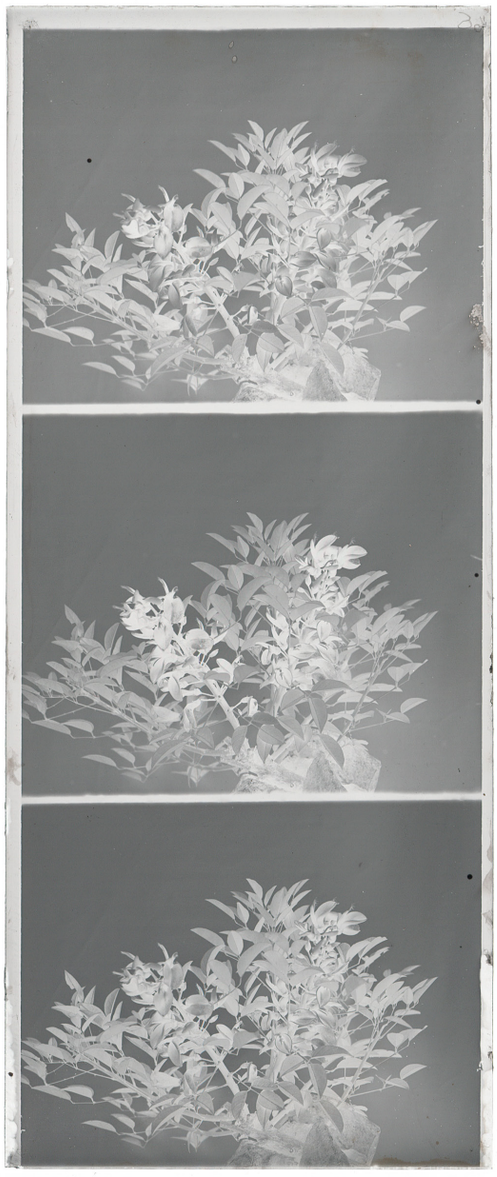

853. Canopy of ***Erythrina crista-galli*, landscape aspect**

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 61864
"87"

"Branch of Coral Tree"

Gibraltar, May 1903 or May 1904

854. A cut branch of *Erythrina crista-galli*, showing the flowers

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 93885 "66"

"Plumbago in Vase"

Gibraltar, May 1903 or May 1904

855. Cut specimens of *Plumbago auriculata*, in a vase

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 87540
"48"; "Plumbago in vase" (list in box)

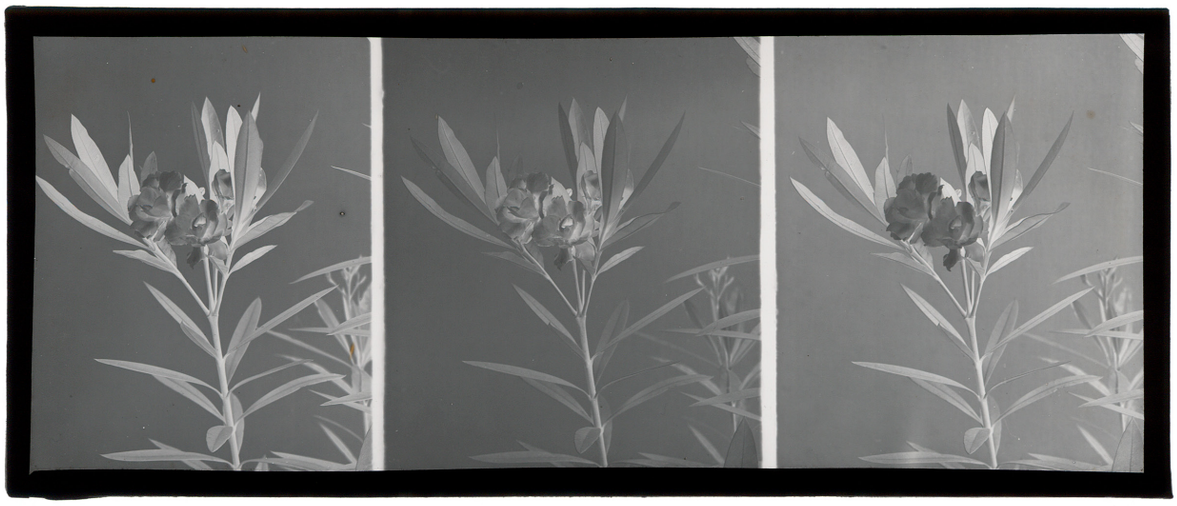

Study of Bougainvillea

Gibraltar, May 1903 or May 1904

856. ***Bougainvillea* flowers against a white wall, a small window or vent visible**

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 54616

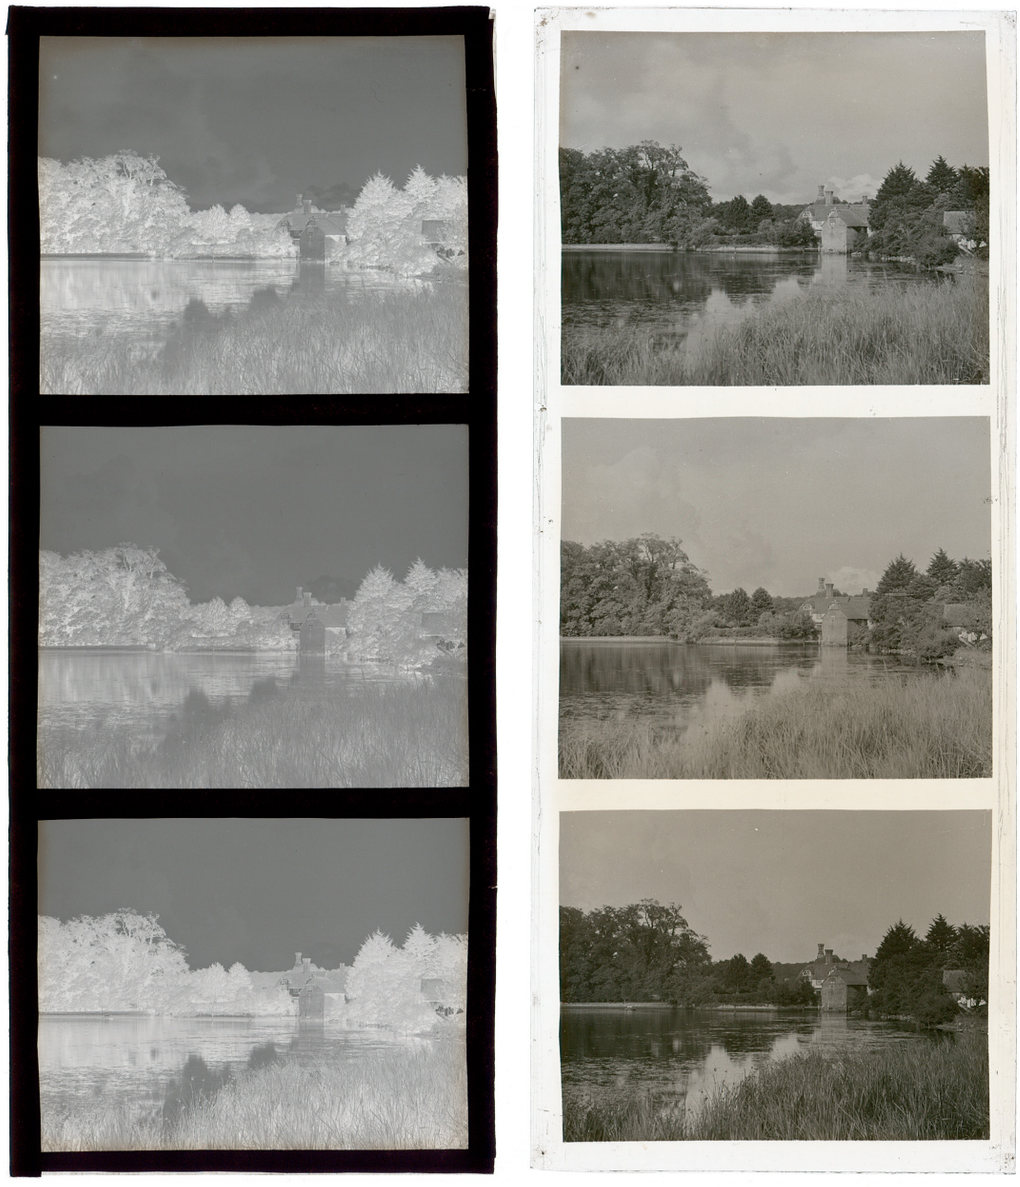

Nerium Oleander

Gibraltar, May 1903 or May 1904

857. Flowers of ***Nerium oleander***

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 46341

Tide Mill, Beaulieu

Hampshire, Summer 1902–07

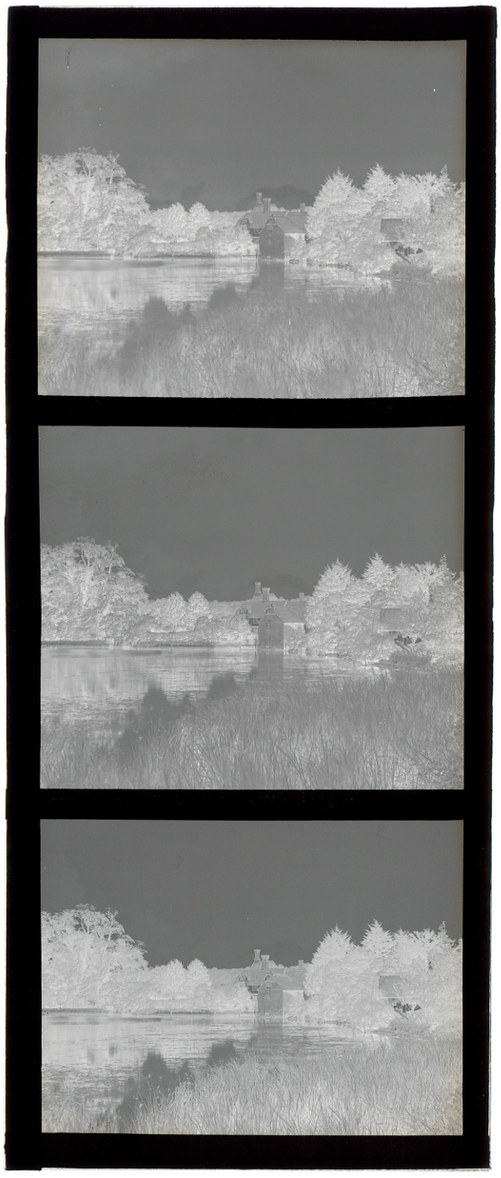

858. Tide Mill, Beaulieu, looking north-east, framed slight further to the west

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 78822

B 8 × 3⅓ inch three-colour positive
Museum of the History of Science, Inventory no. 92254

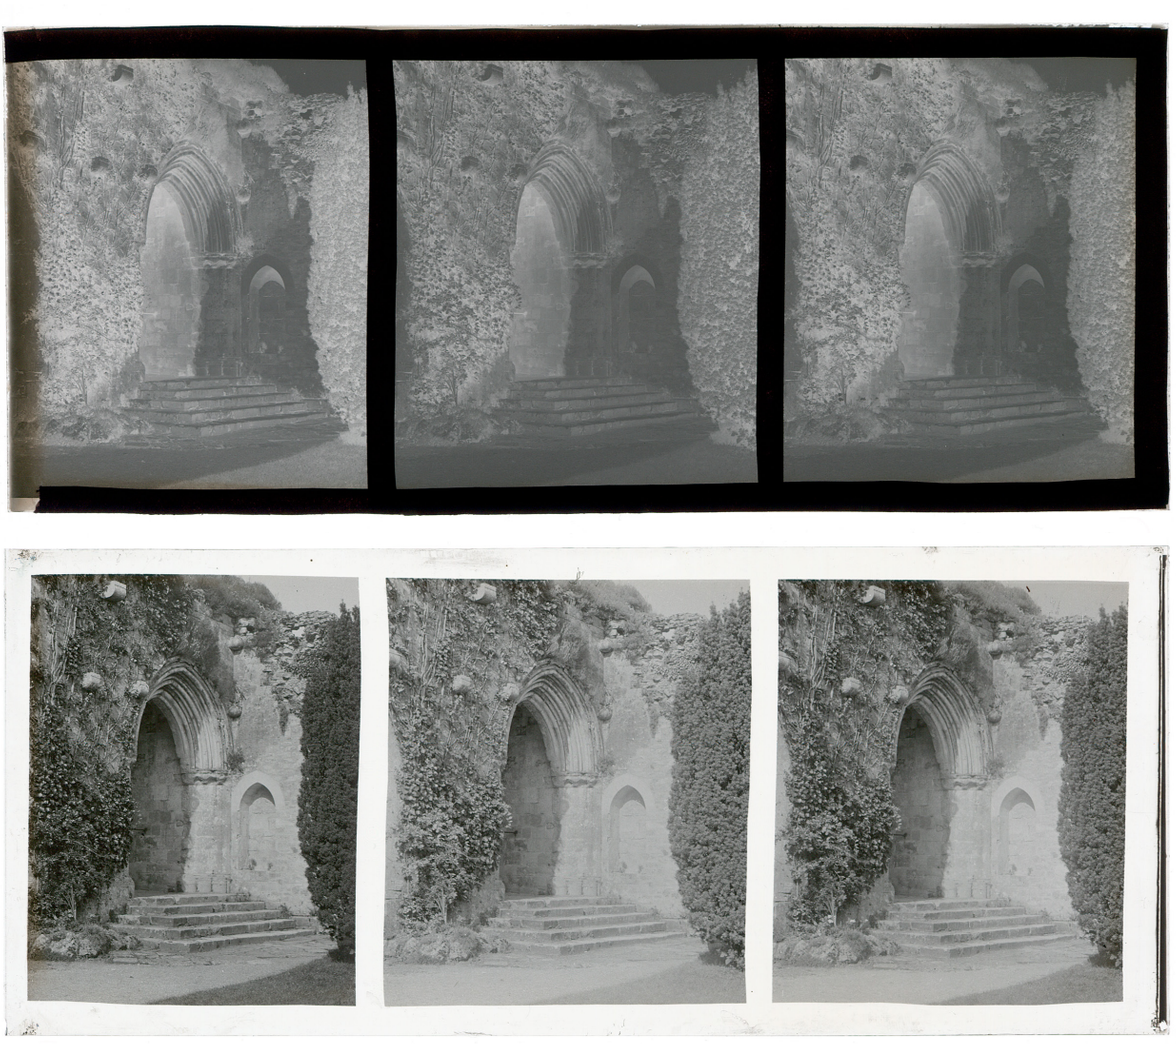

Tide Mill, Beaulieu

Hampshire, Summer 1902–07

859. Tide Mill, Beaulieu, looking north-east

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 50734

Beaulieu Abbey

Hampshire, Summer 1902–07

860. Archway, Beaulieu Abbey

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 37144

B 8 × 3⅓ inch three-colour positive from the above
Museum of the History of Science, Inventory no. 91983

Pageant Portrait

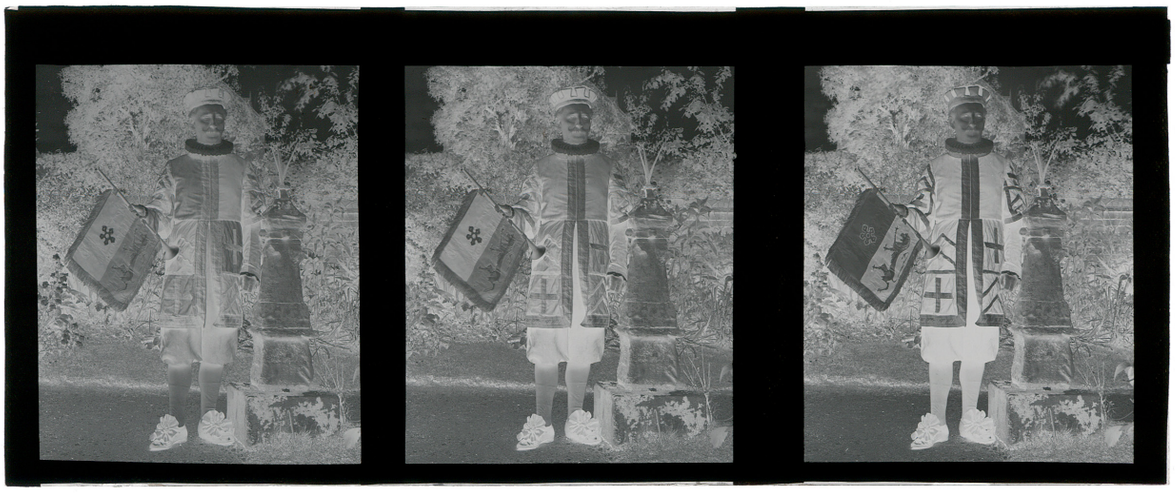

Oxford, *circa* 27 June to 3 July 1907

861. Henry Dyke Acland as the Lancaster Herald, leaning against a chair, looking at the camera

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 13804

The Lancaster Herald

Oxford, *circa* 27 June to 3 July 1907

862. Henry Dyke Acland (1888–1970) dressed as the Lancaster Herald for the Oxford Historical Pageant of 1907, standing in the garden of Clevedon House by a stone pinnacle from the Old Schools Quadrangle

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 55989

B 1¾ x 2½ inch three-colour carbon print
Museum of the History of Science

Charles I

Oxford, *circa* 27 June to 3 July 1907

863. Leonard Noble (1859–1943) dressed as Charles I for the Oxford Historical Pageant of 1907

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 63352

A Lady in Powder

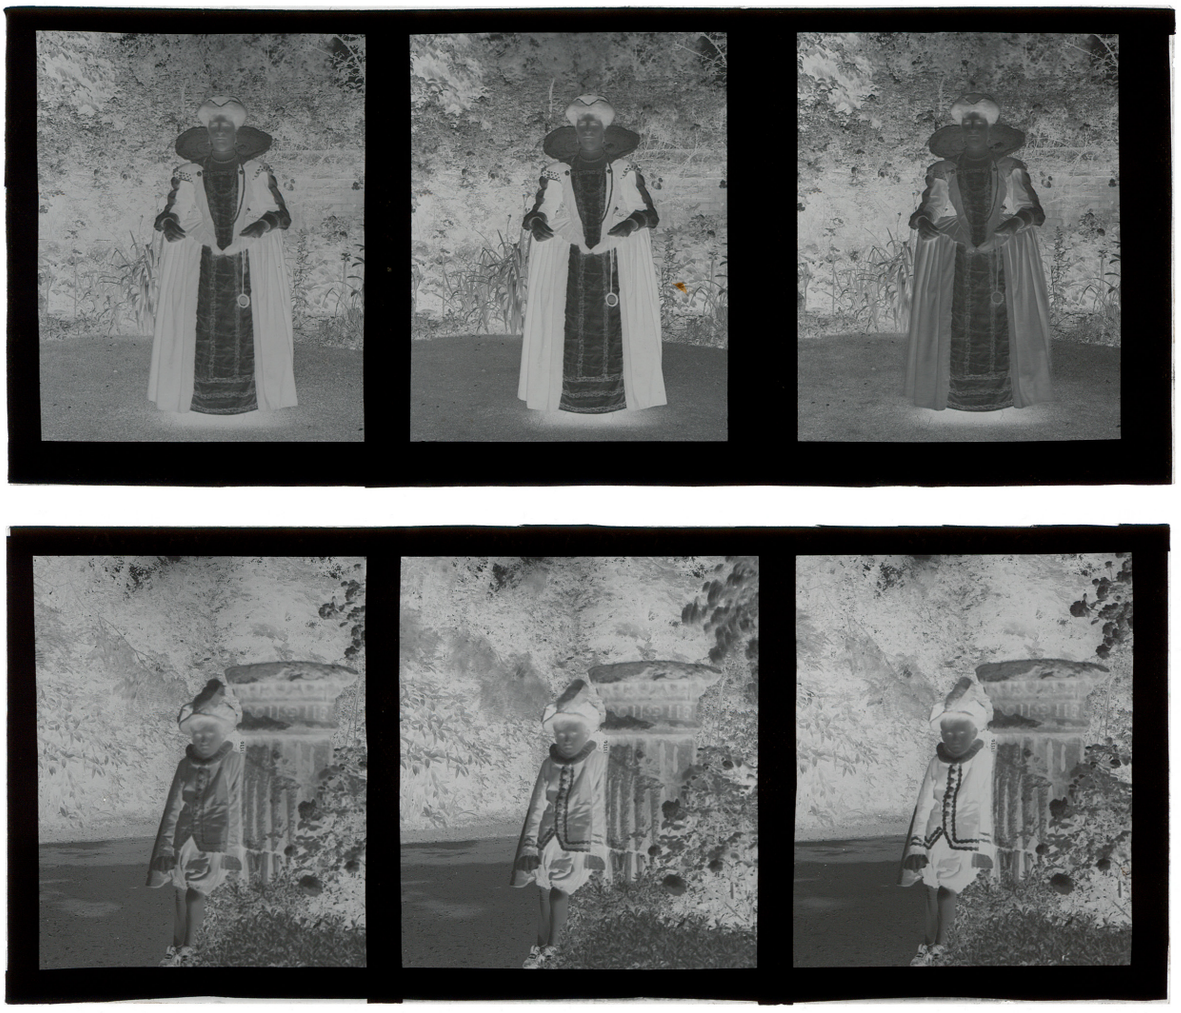

Oxford, *circa* 27 June to 3 July 1907

864. Mary Agnes Hope, afterward Mrs Wilfred Brinton and Mrs Carl Wolf (b. *circa* 1872, d. after 1923), dressed as "A Lady in Powder" for the Oxford Historical Pageant of 1907

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 84973

A Court Lady

Oxford, *circa* 27 June to 3 July 1907

865. A unidentified woman dressed as a "Lady of the Elizabethan Court" for the Oxford Historical Pageant of 1907

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 79138

An Elizabethan Child

Oxford, *circa* 27 June to 3 July 1907

866. A child dressed as a page for the Oxford Historical Pageant of 1907, probably Theodore Talbot Ford (b. 1898), son of James Ford, assistant librarian at the Radcliffe Library

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 99031

Greenhouse Flowers

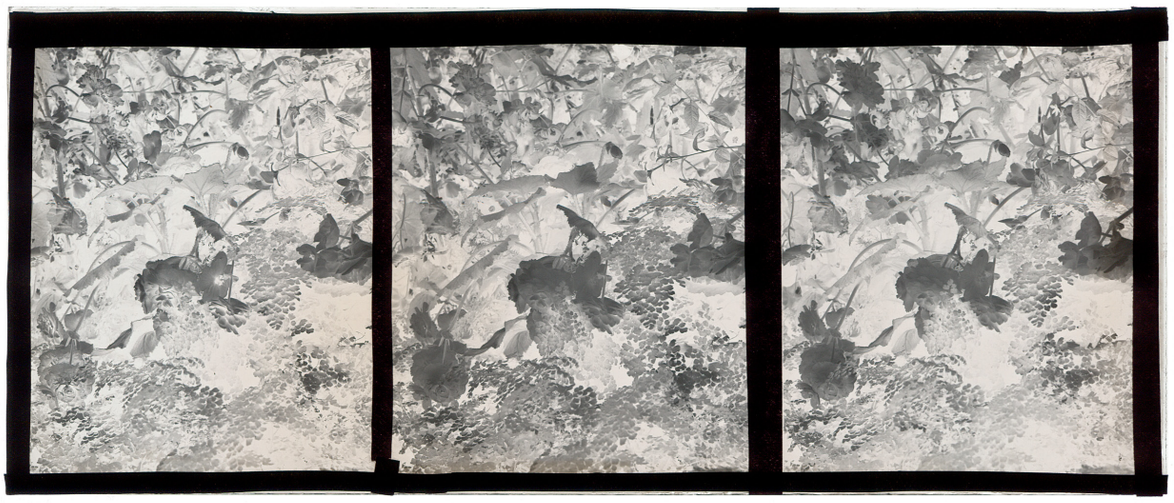

Oxford, *circa* 1907

867. Begonias, Fuchsias and Maidenhair Ferns (*Adiantum capillus-veneris) probably* in the greenhouse, Clevedon House

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 38530

Greenhouse Flowers

Oxford, *circa* 1907

868. Begonias, Fuchsias and Maidenhair Ferns, close up

A 8 × 3⅓ inch three-colour negative
Museum of the History of Science, Inventory no. 16199

"A Portrait Outdoors"

Oxford, week of 8 September 1907

869. Mary Agnes Hope, afterwards Mrs Wilfred Brinton, afterwards Mrs Carl Wolf (b. *circa* 1872, d. after 1923), seated on the garden steps of Clevedon House

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 29152
"S. A. Acland" and a red rosette; "By Miss Acland. F.R.P.S." (on the reverse); "Maggie in Hat" (on the box)

S.A.Adand

"First of House"

Oxford, week of 8 September 1907

870. Clevedon House, Park Town, from the garden

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 32614
"S. A. Acland"; "1st. of House" (box)

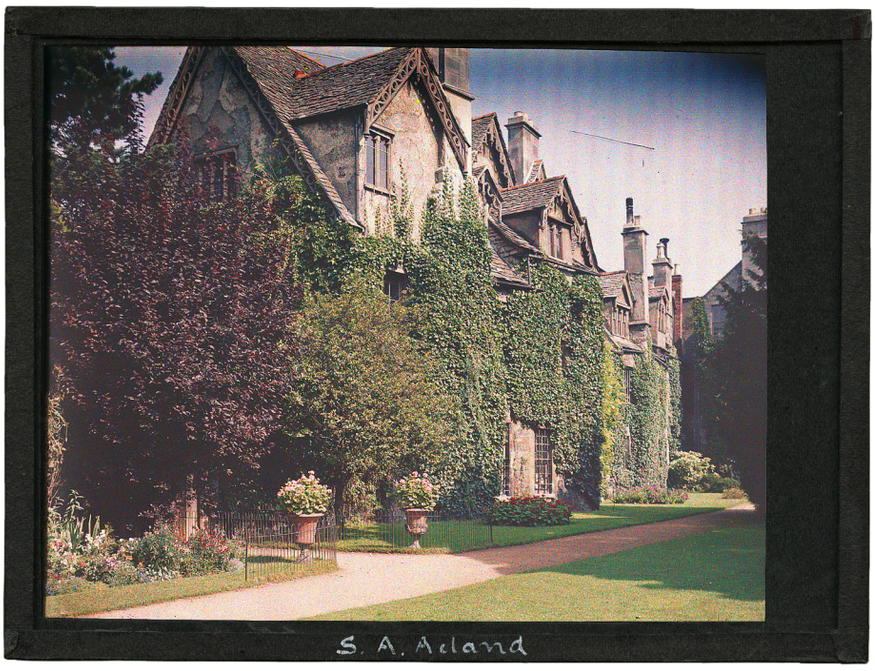

"A Garden Study"

Oxford, September 1907

871. The garden of Clevedon House, with sunflower, geraniums and urn

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 29565
"S A Acland" and a red rosette

"Worcester Old Building"

Oxford, *circa* 10 September 1907

872. Old Buildings, Worcester College, looking north-east

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 24890
"S. A Acland"; "Worcester old Building" (box)

"Worcester Pond"

Oxford, *circa* 10 September 1907

873. The Lake, Worcester College

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 25549
"S. A Acland"; "ditto [Worcester] pond" (box)

"Botanic Garden"

Oxford, week of 8 September 1907

874. Buildings of the Botanic Garden, looking north-west

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 14780
"Botanic Garden / not intensified" (box)

"Autumn Colours in New College Gardens"

Oxford, between 8 and 28 September 1907

875. Gardens, New College, looking west

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 27301
"S. A. Acland."; "New College" (box)

"Cactus"

Oxford, September 1907 ?

876. ***Epiphyllum*, Orchid Cactus, not intensified**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 29537
"Cactus" (box)

877. ***Epiphyllum*, Orchid Cactus, intensified**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18803
"do [Cactus]" (box)

"Maggie"

Oxford, late September or early October 1907 ?

878. Mary Agnes Hope, seated in the garden of Clevedon House, wearing a ball gown and holding a feather boa

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18341
"Maggie" (box)

"J. G."

Oxford, late September or early October 1907 ?

879. Jane Malvina Williamza Grimston (b. 1871/2, d. *circa* 1954), seated in the garden of Clevedon House

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17294
"J.G. / not intensified" (box)

"On the Exe at Bolham"

Devon, between 25 September & 1 October 1907

880. River Exe, Bolham, looking north below Bolham weir

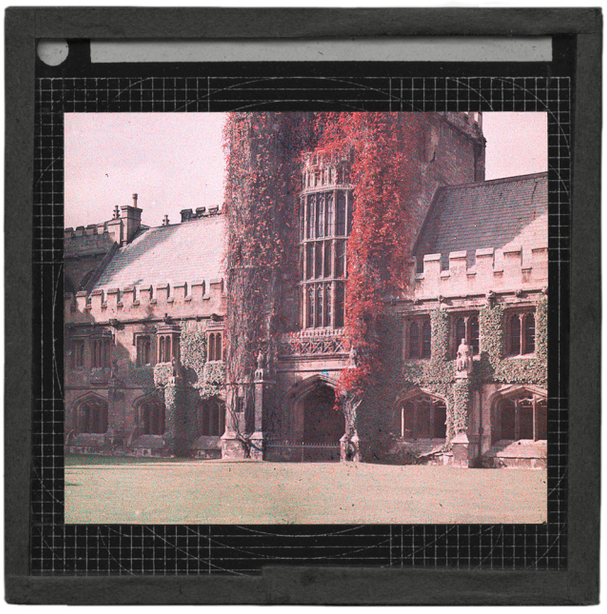

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 26365
"S. A. Acland"; "On the Exe at Bolham" (box)

"A Pretty Nook on the River Exe"

Devon, between 25 September and 1 October 1907

881. River Exe, Bolham, looking north below Bolham weir

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18682
"On the Exe at Bolham" (box)

"Magdalen"

Oxford, 11 October 1907 or shortly after

882. Founder's Tower, Magdalen College, looking south-west

A 3¼ × 3¼ (lantern plate) Autochrome
Museum of the History of Science, Inventory no. 17479
"Magdalen – Founders Tower" (box)

883. Cloister, Magdalen College, looking north-east

A 4¼ × 3¼ inch (quarter plate) Autochrome
Museum of the History of Science, Inventory no. 14845

A Wooded Path

Oxford ?, shortly after 11 October 1907 ?

884. A wooded path, possibly Mesopotamia Walk

A 4¼ × 3¼ inch (quarter plate) Autochrome
Museum of the History of Science, Inventory no. 23317

"From the Drawing Room"

Oxford, October 1907 ?

885. Garden of Clevedon House, from the drawing room

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17103
"From drawing room" (box)

"Mr Norton"

Oxford, autumn 1907 ?

886. George William Norton (1848–1940), standing on the porch of 149 Woodstock Road

A 4¼ × 3¼ inch (quarter plate) Autochrome
Museum of the History of Science, Inventory no. 18351
"Mr Norton" (box)

"Rainbow"

Oxford, autumn 1907 ?

887. Rainbow over Park Town

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 16181
"Rainbow" (box)

Reid's Palace Hotel

Funchal, between March and May 1908 ?

888. Reid's Hotel from the New Road

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 19122

Stairs and Veranda, Reid's Hotel

Funchal, between March and May 1908 ?

889. Stairs and veranda of Reid's Hotel

A 4¼ × 3¼ inch (quarter plate) Autochrome
Museum of the History of Science, Inventory no. 19566

"View of Funchal with Clouds"

Madeira, between March and May 1908 ?

890. Funchal and the bay, from the garden of Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 28504
"View over Funchal with Clouds" (box)

Funchal and the Bay

Madeira, between March and May 1908 ?

891. View from Reid's Hotel over the garden towards Funchal and the Bay

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 31939

Sunset over Funchal Bay

Madeira, between March and May 1908 ?

892. Funchal Bay from Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18125

Funchal Bay and the Ponta do Garajau

Madeira, between March and May 1908 ?

893. Funchal Bay and the Ponta do Garajau from Reid's

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17907

"Hedge in Garden"

Funchal, between March and May 1908 ?

894. ***Aloe arborescens*** **on the cliff near Reid's Hotel**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 29287
Box 8: "2. Hedge in Garden"

Garden Terraces

Funchal, between March and May 1908 ?

895. Terraces in the garden of Reid's Hotel ?

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 25238

"View from Garden"

Madeira, between March and May 1908 ?

896. View from lower garden, Reid's Hotel, looking north-east towards the Quinta Almeida

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 22318
"View from garden – dense" (box)

"View over Town"

Madeira, between March and May 1908 ?

897. View over Funchal, looking north-east from near the Quinta Stanford

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 27910
"View over town" (box)

"Miss Hinton's Roses"

Funchal, between 18 and 24 March 1908

898. Roses, pelargoniums and other plants in the garden of the Quinta do Til

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 19053
"Miss Hinton's roses" (box)

Flora Madeirensis

Funchal, between 18 and 24 March 1908

899. Roses and Pride of Madeira, *Echium fastuosum*, in the garden of the Quinta do Til ?

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 15971

"Green Ixias"

Funchal, between 11 and 23 March 1908

900. ***Ixia viridiflora*****, Quinta do Bom Sucesso**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 28536
"Green Ixias" (box)

901. ***Ixia viridiflora*****, Quinta do Bom Sucesso**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17731

"Bananas"

Funchal, between 11 and 23 March 1908 ?

902. *Musa Cavendishii*, Quinta da Levada ?

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 30482
"Bananas" (box)

"Bigonias"

Funchal, between March and May 1908 ?

903. *Bignonia venusta*, unidentified location

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 22733
"Bigonias" (box)

"Streptosolen"

Funchal, between March and May 1908 ?

904. ***Streptosolen Jamesonii*, in the garden of Reid's Hotel**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 24344
"Streptosolen" (box)

"Bougainvillea"

Funchal, between March and May 1908 ?

905. Red and purple *Bougainvillea spectabilis*

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 21634
Box 8: "3 Bougainvillea"

"Blue Tree"

Funchal, April or May 1908 ?

906. ***Jacaranda mimosifolia*, garden of Reid's Hotel**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 27934
"Blue Tree" (box)

"Blue Tree"

Madeira, April or May 1908 ?

B *Jacaranda mimosifolia*, garden of Reid's hotel

C 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 26933
"Blue Tree" (box)

"Dr Watney's Garden"

Funchal, 8 April 1908 ?

907. Quinta Magnolia gardens

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 26394
"Dr Watneys Garden" (box)

"Dr Watney's Garden"

Funchal, 8 April 1908 ?

908. Quinta Magnolia gardens

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18976
"Dr Watneys Garden" (box)

"Dr Watney's Garden"

Funchal, 8 April 1908 ?

909. Ravine in the Quinta Magnolia gardens

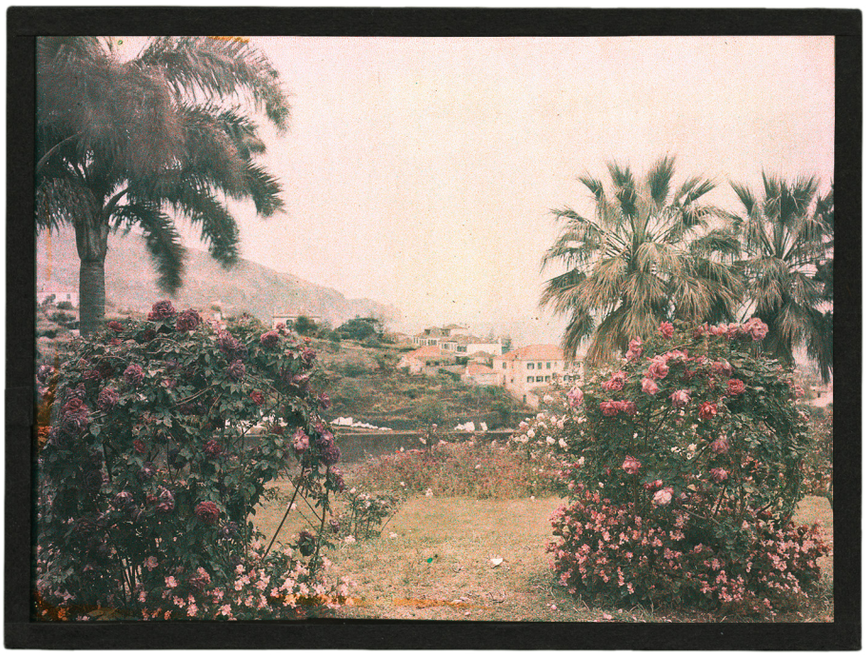

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 21190
"Dr Watney's Garden" (box)

Palms

Funchal, 8 April 1908 ?

910. Palms, Quinta Magnolia garden ?

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 20723

Garden of the Quinta da Fé

Funchal, 8 April 1908 ?

911. Garden of the Quinta da Fé, looking east by south-east

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 25679

Palms in the Quinta Magnolia

Funchal, 8 April 1908 ?

912. Palms in the Quinta Magnolia gardens

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18675

Herbaceous Border

Oxford, Summer 1908 ?

913. Herbaceous border in the garden of Clevedon House

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18152

Sophia Merivale

Oxford, Summer 1908 ?

914. Mary Sophia Merivale (1853–1928), in the garden of Clevedon House

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 31931

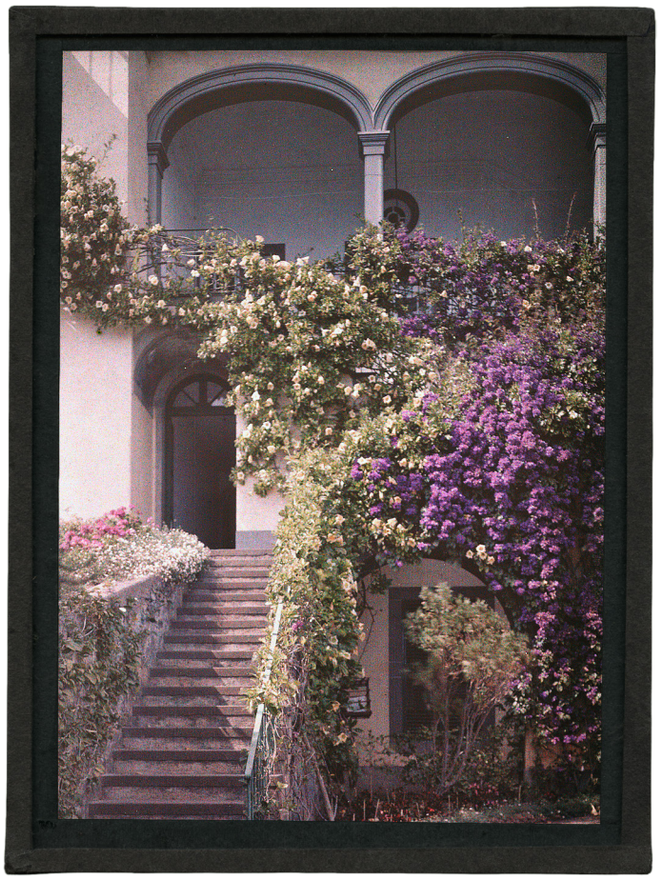

Reid's Palace Hotel

Funchal, winter 1908 to 1909 ?

915. Reid's Hotel from the New Road

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 20700

Rooms in Reid's Hotel

Funchal, between November 1908 and May 1909 ?

916. Stairs and veranda of Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18035

Rainbow over Funchal

Madeira, winter 1908 to 1909 ?

917. Funchal Bay from Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 21780

Garden, Reid's Hotel

Funchal, between November 1908 and May 1909 ?

918. Garden of Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18287

919. Garden of Reid's Hotel, later in the afternoon on the following day or a few days later

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 30771

Palm Tree in Reid's Garden

Funchal, between November 1908 and May 1909 ?

920. Palm tree, Reid's Hotel, a bench visible between the trees

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18972

921. Palm tree, Reid's Hotel, a man wearing a hat glimpsed reading a book between the trees

A 9 × 12 cm Autochrome (decayed?)
Museum of the History of Science, Inventory no. 23900

Quinta da Levada

Funchal, April 1909 ?

922. B*ougainvillea*, *Wisteria sinensis* and the Quinta da Levada

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 15253

923. B*ougainvillea* and *Wisteria sinensis* at the Quinta da Levada

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 14455

924. ***Bougainvillea*** **and** ***Wisteria sinensis*** **in the garden of the Quinta da Levada**

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 24661

925. ***Wisteria sinensis*****, presumably in the Quinta da Levada**

A 9 × 12 cm Autochrome (decayed)
Museum of the History of Science, Inventory no. 27998

British Cemetery, Funchal

Funchal, April 1909 ?

926. Drive and gates of the British Cemetery, looking north-east towards buildings on the Rua da Carreira

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 21429

Pergola

Funchal, April 1909 ?

927. Pergola and terrace, Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 19714

928. Pergola and terrace, Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 23649

Garden Path

Funchal, April 1909 ?

929. Garden path, Reid's Hotel

A 9 × 12 cm Autochrome (decayed)
Museum of the History of Science, Inventory no. 18689

Colonel Callwell

Madeira, between January and May 1909

930. Albert Henry Calwell (1845/6–1911), late Colonel, Royal Artillery, seated on a terrace of Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 23117

Streptocarpus

Madeira, between November 1908 and May 1909 ?

931. ***Streptocarpus*** **and** ***Bougainvillea***

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17885

Hibiscus Rose

Funchal, between November 1908 and May 1909 ?

932. Hibiscus rose, *Plumbago* and *Pelargonium*

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 23320

Bolham

nr. Tiverton, Devon, Summer 1909 ?

933. Bolham House, Bolham, looking north

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 15749

934. Bridge over a tributary of the River Exe in the grounds of Bolham House

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 30502

Sweet Williams

Oxford, Summer 1909 ?

935. *Dianthus barbatus*, Clevedon House garden

A 9 × 12 cm Omnicolore plate
"Miss Acland F R P S Oxford", "Sweet Williams Omnicolor" (reverse)
Museum of the History of Science, Inventory no. 23044

936. *Dianthus barbatus*, Clevedon House garden

A 4¼ × 3¼ inch (quarter plate) Autochrome
Museum of the History of Science, Inventory no. 17274
"Miss Acland. F.R.P.S. Oxford.", "Autochrome." (reverse)

Foxgloves

Oxford, Summer 1909 ?

937. Herbaceous border, Clevedon House

A 9 × 12 cm Omnicolore plate
Museum of the History of Science, Inventory no. 21040
"Miss Acland, F.R.P.S. Oxford ", "Omnicolore" (reverse)

"Avenue of Poinsettias"

Funchal, December 1909 ?

938. Avenue of Poinsettias, Casa Branca, looking south by south-west

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 89628
"Miss Acland . F.R.P.S. Oxford. .", "3. Avenue of Poinsettias Madeira . Autochrome" (reverse)

Avenue of Poinsettias

Funchal, December 1909 ?

939. Avenue of Poinsettias, Casa Branca , looking north

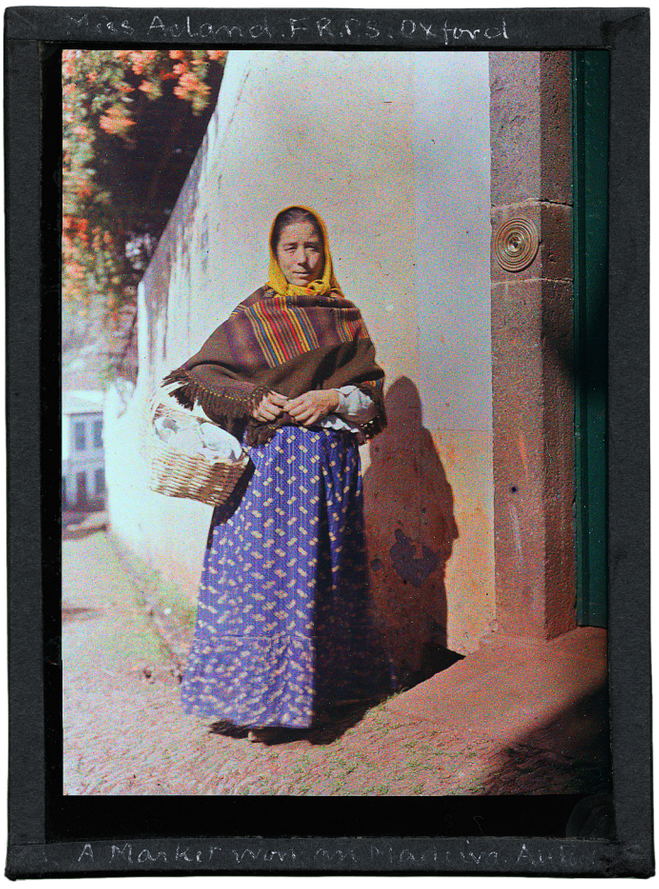

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 18070

Poinsettia

Funchal, December 1909 ?

940. *Euphorbia pulcherrima*, Reid's garden ?

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 14193

"A Market Woman"

Funchal, January 1910 ?

941. Unidentified woman standing by a doorway on the Calçada da Cabouqueira

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 20827
"Miss Acland. F.R.P.S. Oxford", "1 A Market Woman Madiera. Autoch" (reverse)

"Bigonia venusta, Funchal"

Funchal, January 1910 ?

942. Calçada da Cabouqueira, looking north by north east towards the Fortaleza de São João Baptista do Pico

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 32480
Plate: "Miss Acland . F.R.P.S. Oxford", "5 Bignonia venusta Funchal Autochrome" (reverse)

"Bay of Funchal"

Madeira, between December 1909 and May 1910 ?

943. Bay of Funchal, from Reid's gardens

A 9 × 12 cm Omnicolore plate
Museum of the History of Science, Inventory no. 27772
Plate:"Miss Acland . F.R.P.S. Oxford", "2. Bay of Funchal 'Omnicolore'" (reverse)

944. Bay of Funchal, from Reid's gardens

A 9 × 12 cm Omnicolore plate
Museum of the History of Science, Inventory no. 30119

945. Bay of Funchal, from Reid's gardens

A 9 × 12 cm Autochrome (bare plate without cover glass)
Museum of the History of Science, Inventory no. 29638

Aloe

Funchal, between December 1909 and May 1910 ?

946. *Aloe arborescens* and the Bay of Funchal, from Reid's Hotel

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17538

947. ***Aloe arborescens***

A 9 × 12 cm Autochrome
Museum of the History of Science, Inventory no. 17957

A Glimpse of the Quinta Stanford

Funchal, between December 1909 and May 1910 ?

948. *Bougainvillea* and a glimpse of the Quinta Stanford, now the Quinta da Vista Alegre
